13. After submission: confirmation e-mail, PDF download and posting
14. Tracking your application
15. Frequently asked questions and troubleshooting

1. Introduction

This guide walks you through applying for an Academic or Academic Support post at the University of Peradeniya using the online Application Management System (AMSUOP). It covers every stage, in the order you will meet them:

1. Finding the advertisement and pressing **Apply Now**
2. Creating an account (**Register**) and confirming it with an e-mailed **OTP** (one-time code)
3. Signing in (**Login** + OTP)
4. Choosing the post and filling in the **12-step online application**
5. Uploading documents, previewing and **submitting**
6. Receiving the **confirmation e-mail with your application PDF**, downloading the PDF again, and tracking your application

Home page of the Application Management System

The home page summarises the process: register and log in, complete the application online, download the final PDF, send the signed application with the relevant documents by registered post, and the University verifies and reviews it.

> **Tip:** The system works on phones and tablets as well as computers. For the long form and document uploads, a computer is the most comfortable.

2. Before you start

Have the following ready. You can save and come back at any time before the closing date, but having everything at hand makes the process much quicker.

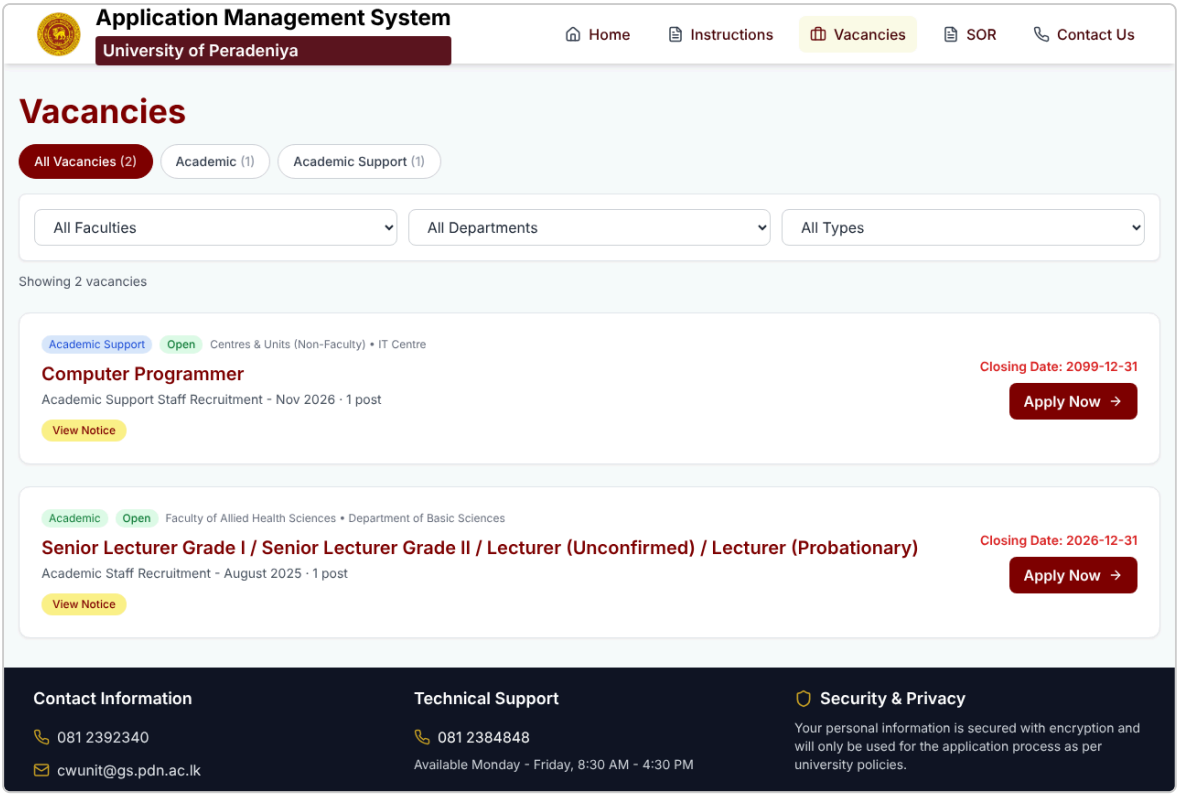

You will need	Notes
A personal e-mail address you can open now	Your OTP codes and the confirmation e-mail with your application PDF are sent here.
Your NIC (or passport) number and mobile number	Entered when you register, e.g. 991234567V or 200012345678; mobile e.g. 0771234567.
A recent passport-size colour photograph	JPG or PNG, front-facing, plain light background. It is printed on your application PDF.
Scanned copies of your documents	Birth Certificate, NIC/Passport, degree certificate(s), and where relevant postgraduate certificates, service letters, and extra-curricular certificates. PDF, JPG or PNG, max 5 MB each.
Details of education, employment, publications and referees	Dates of each job (from / to), and names, designations and contact details of two referees.

Password rules: at least 8 characters, using at least three of: lowercase letters, uppercase letters, digits, symbols (for example `Peradeniya@2026`).

Closing date: you can start, save and edit a draft at any time until the closing date shown on the advertisement. After the closing date, drafts can no longer be submitted.

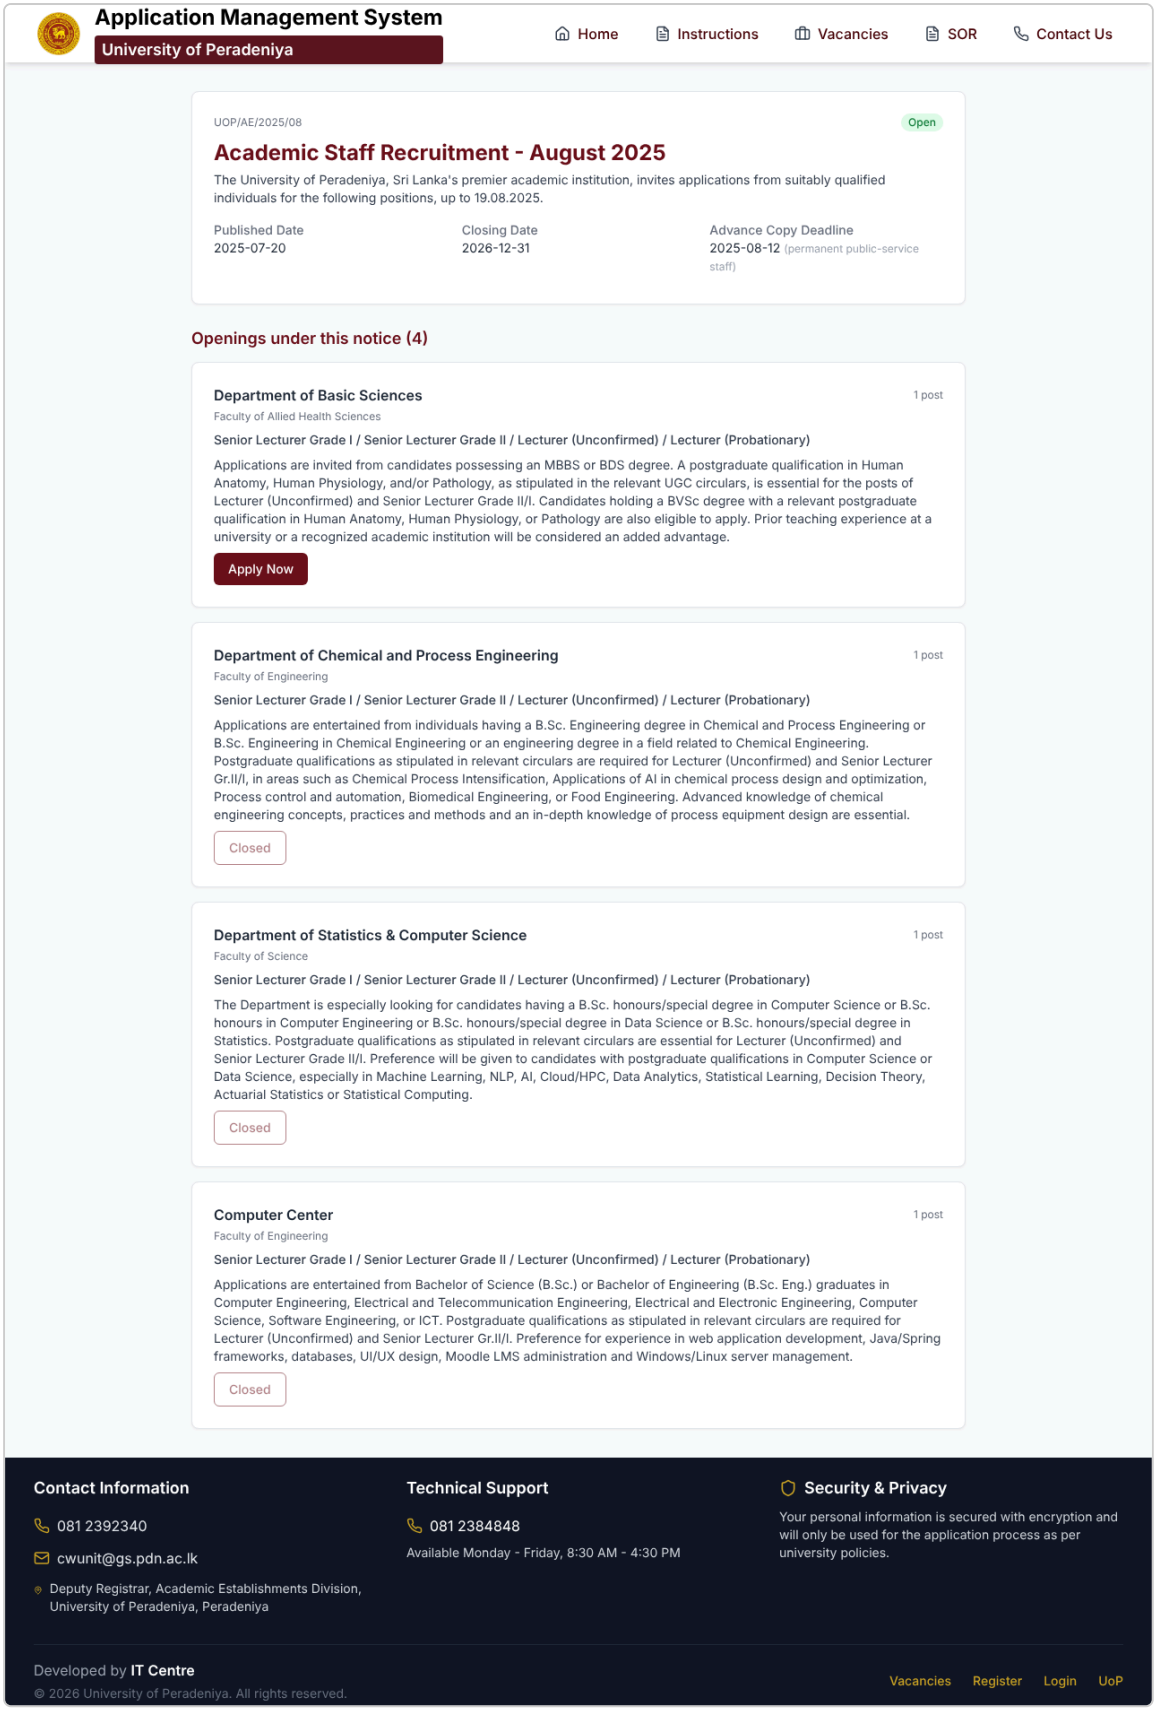

3. Finding the advertisement (vacancy)

1. Open the system and click **Vacancies** in the top menu (or **Apply Now – Explore vacancies** on the home page).
2. Use the tabs **All / Academic / Academic Support** to filter the list. Each card shows the advertisement number (e.g. UOP/AE/2025/08), title and closing date.
3. Click **View Notice** on the advertisement you are interested in.

Vacancies list with All / Academic / Academic Support tabs

The advertisement page shows the full notice: published date, **closing date**, the advance-copy deadline (for permanent public-service staff), and every opening under the notice — the department, faculty, posts available and the qualifications required.

Advertisement detail page with openings and Apply Now buttons

- An opening that is still accepting applications shows a red **Apply Now** button.
- An opening that is no longer accepting applications shows **Closed**.

Read the requirements for the opening carefully before applying.

4. Apply Now

Click **Apply Now** on the opening you want. What happens next depends on whether you are signed in:

Your situation	What the system does
New applicant (no account yet)	Opens the **Register** page. After you register and verify your e-mail, you are brought straight back to this advertisement.
Already have an account, not signed in	On the Register page, click **Login** at the bottom. After login and OTP you are returned to this advertisement.
Already signed in	Goes directly to **Start Your Application**, where you choose the post (Section 8).

> Applications can only be started from an advertisement's **Apply Now** button, so that every application is linked to the correct notice and opening.

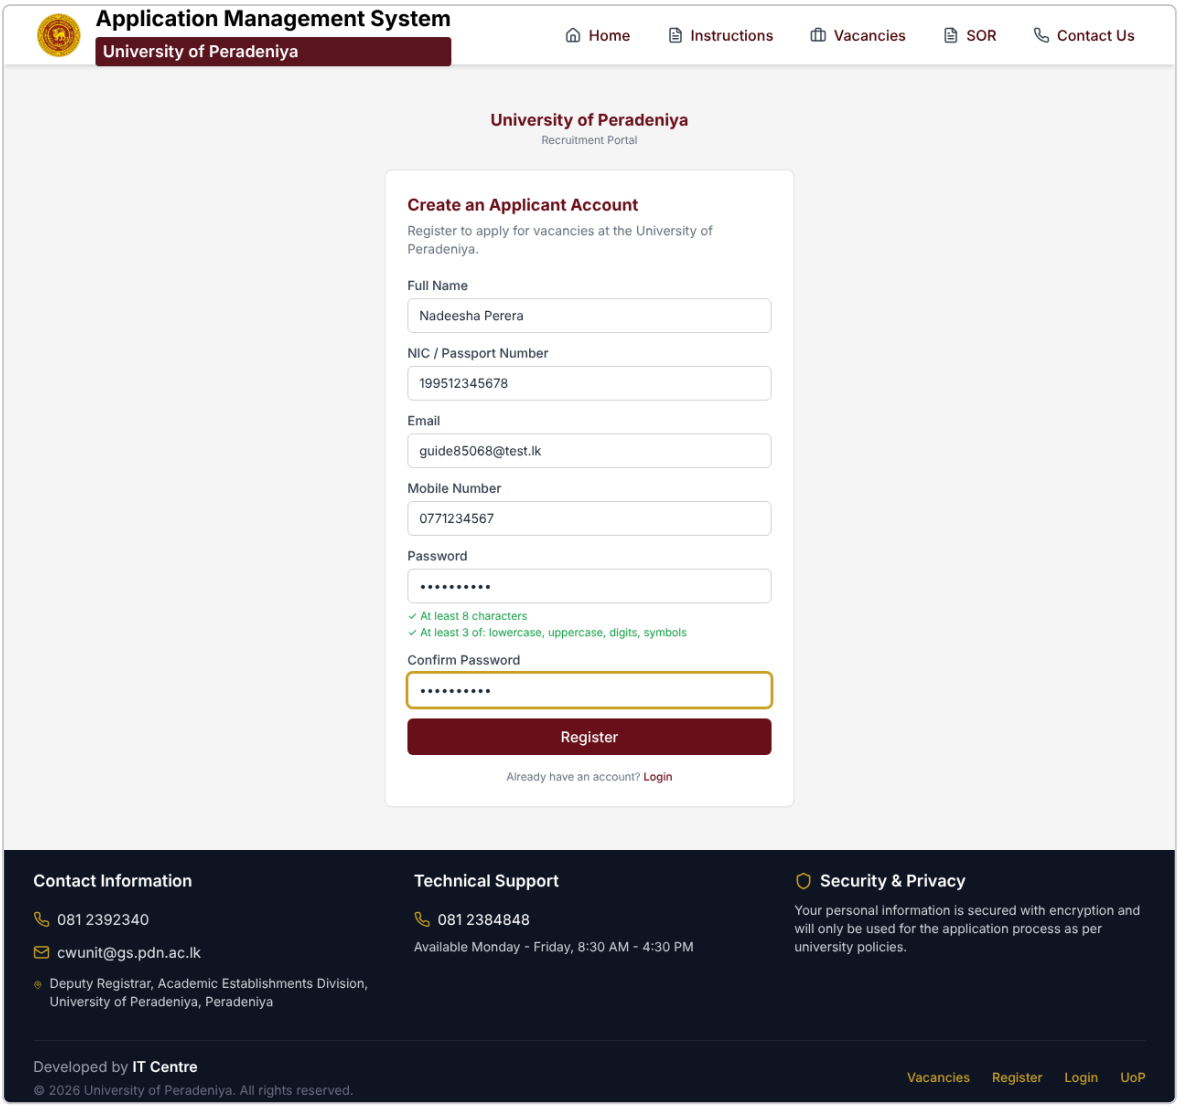

5. Register and verify your e-mail (OTP)

5.1 Fill in the registration form

Enter:

- **Full Name**
- **NIC / Passport number** (e.g. 991234567V or 200012345678)
- **E-mail address** — use one you can open right now
- **Mobile number** (e.g. 0771234567)
- **Password** and **Confirm Password** — the two ticks under the password turn green when it meets the rules

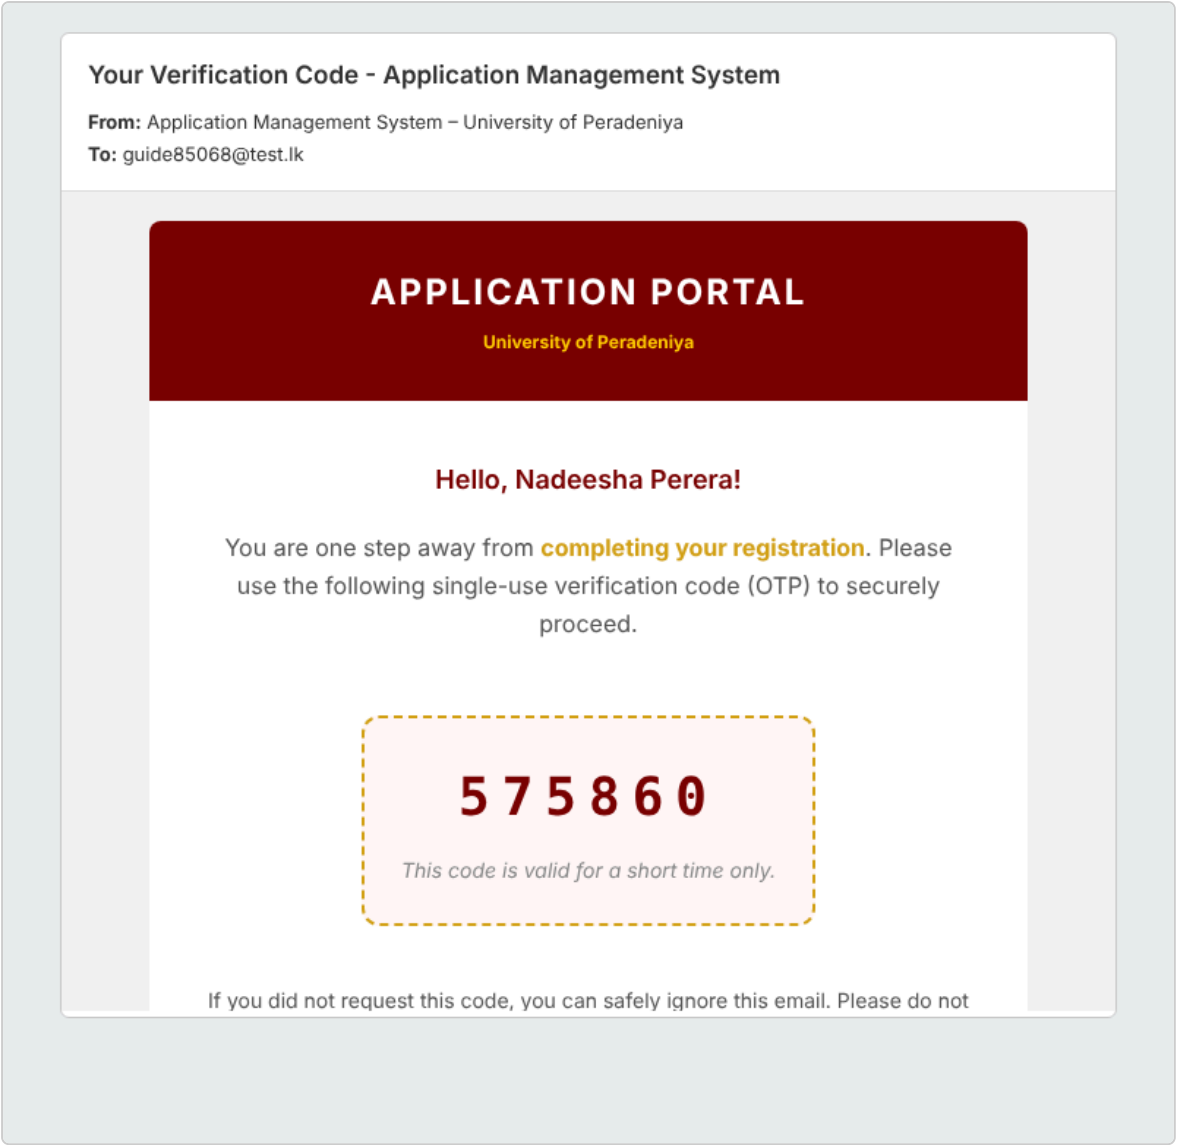

Then click **Register**. The button stays disabled until every field is valid.

Registration form, filled in

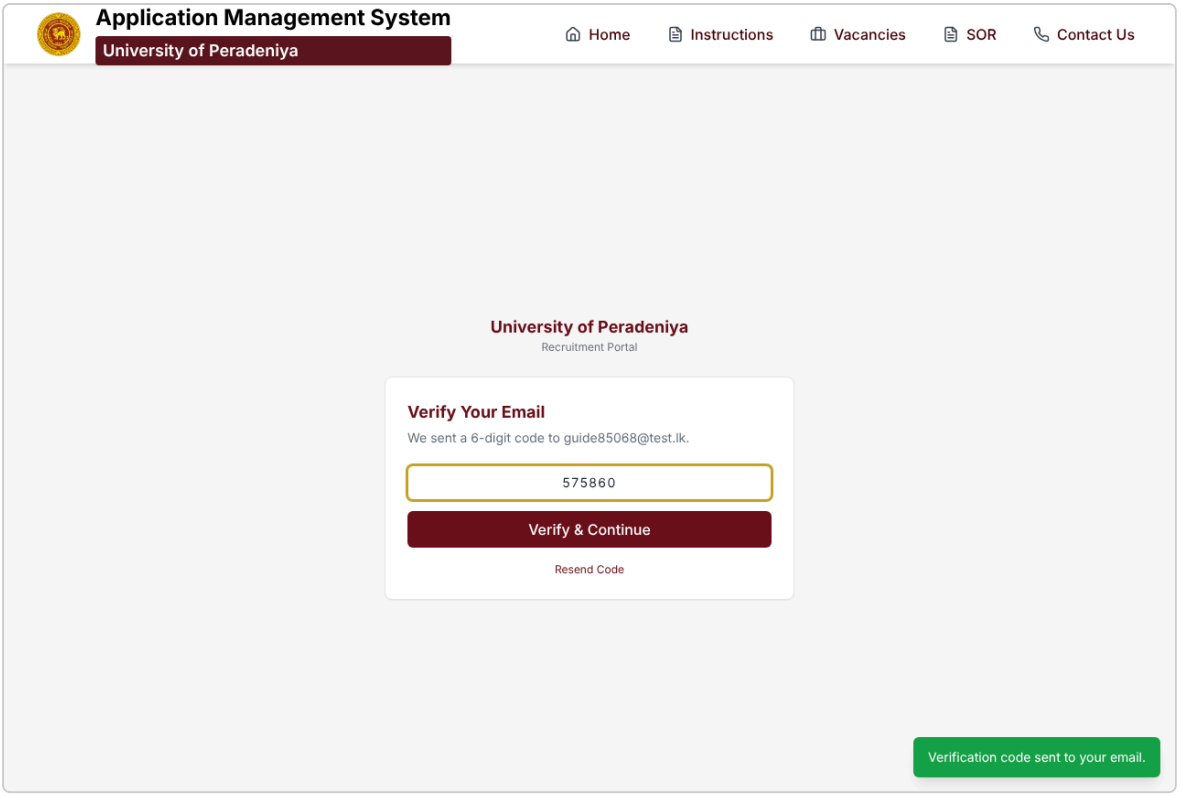

5.2 Enter the verification code (OTP)

A 6-digit verification code is e-mailed to you immediately. It looks like this:

Verification code e-mail

Type the 6-digit code into the **Verify Your Email** page and click **Verify & Continue**.

Verify Registration page with the 6-digit code entered

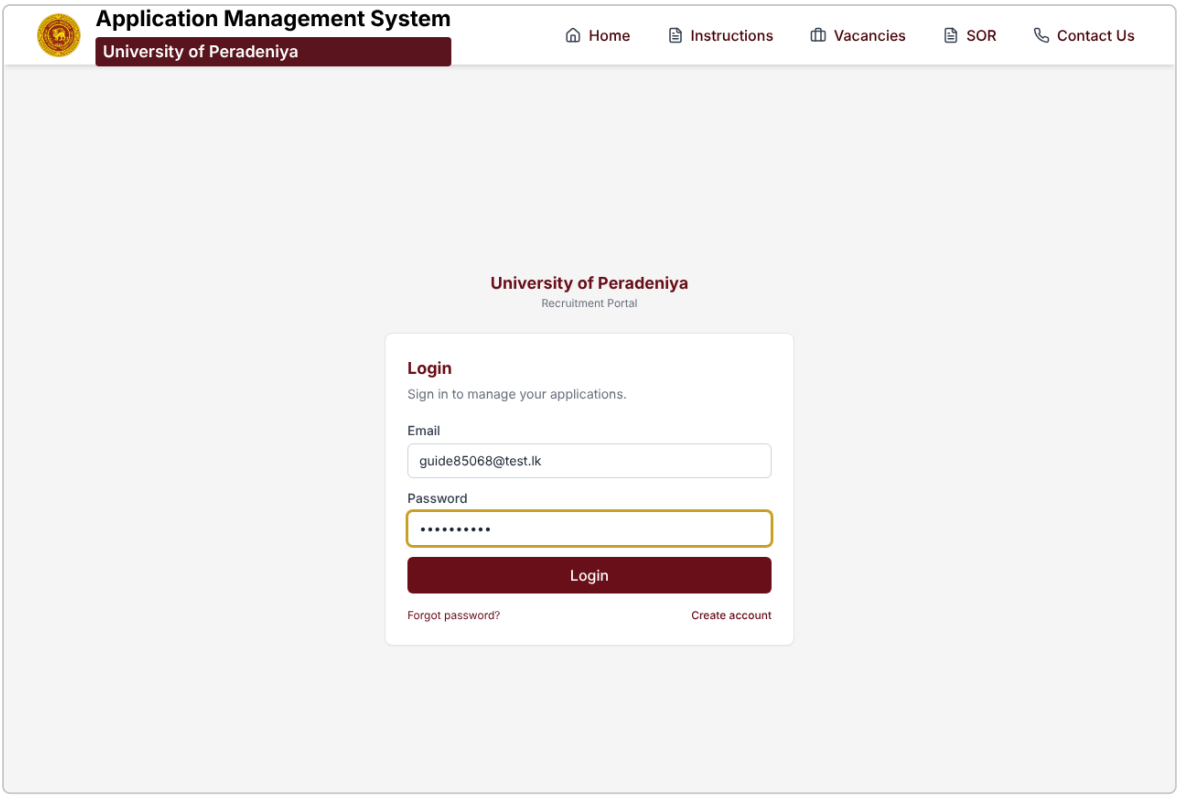

- The code is valid for **5 minutes**. If it expires or does not arrive, click **Resend Code**.
- Check your **Spam / Junk** folder if the e-mail is not in your inbox.
- Your account is only created after the code is verified. If you entered the wrong e-mail address, simply register again with the correct one.

When the code is accepted you see **Registration successful!**, you are signed in, and you are taken back to the advertisement to press **Apply Now** again.

6. Login (with OTP) and forgotten password

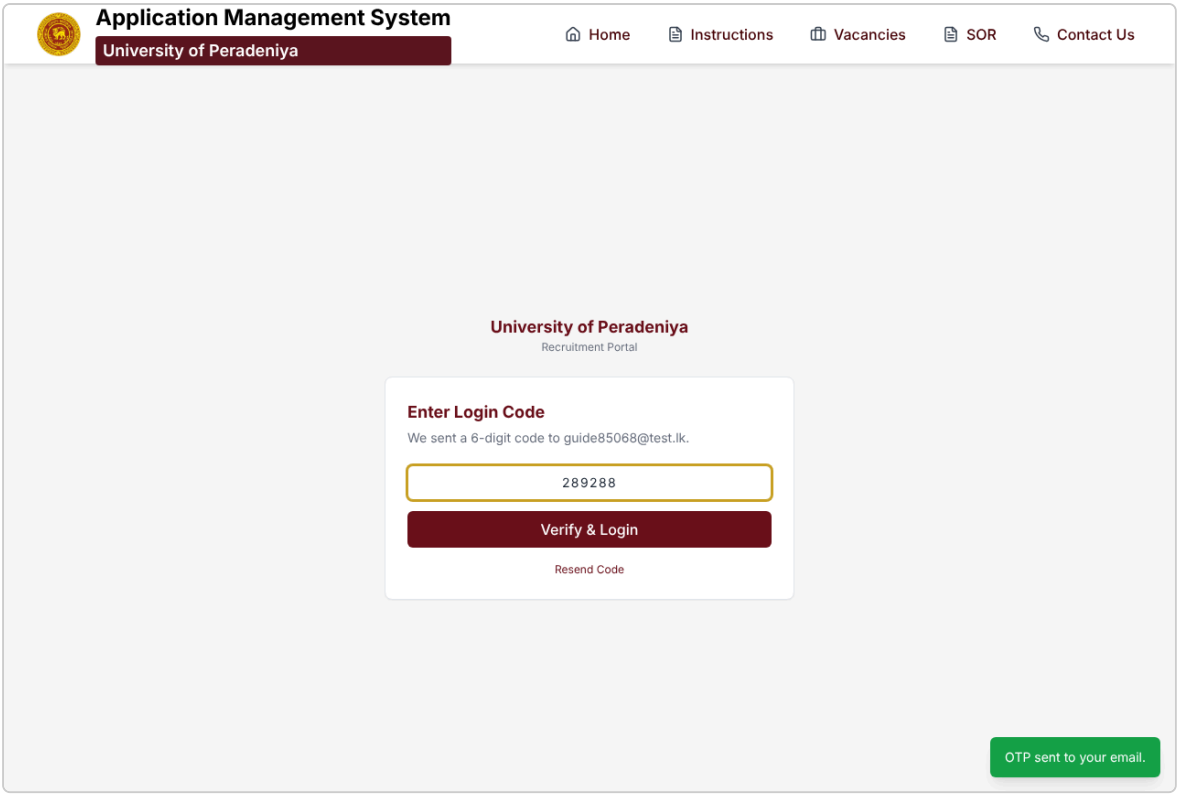

6.1 Login

1. Click **Login** (bottom of the Register page, or the footer link), enter your **e-mail** and **password**, and click **Login**.

Login page

2. A new 6-digit **login code** is e-mailed to you. Enter it on the **Enter Login Code** page and click **Verify & Login**. (Codes expire after 5 minutes; use **Resend Code** if needed.)

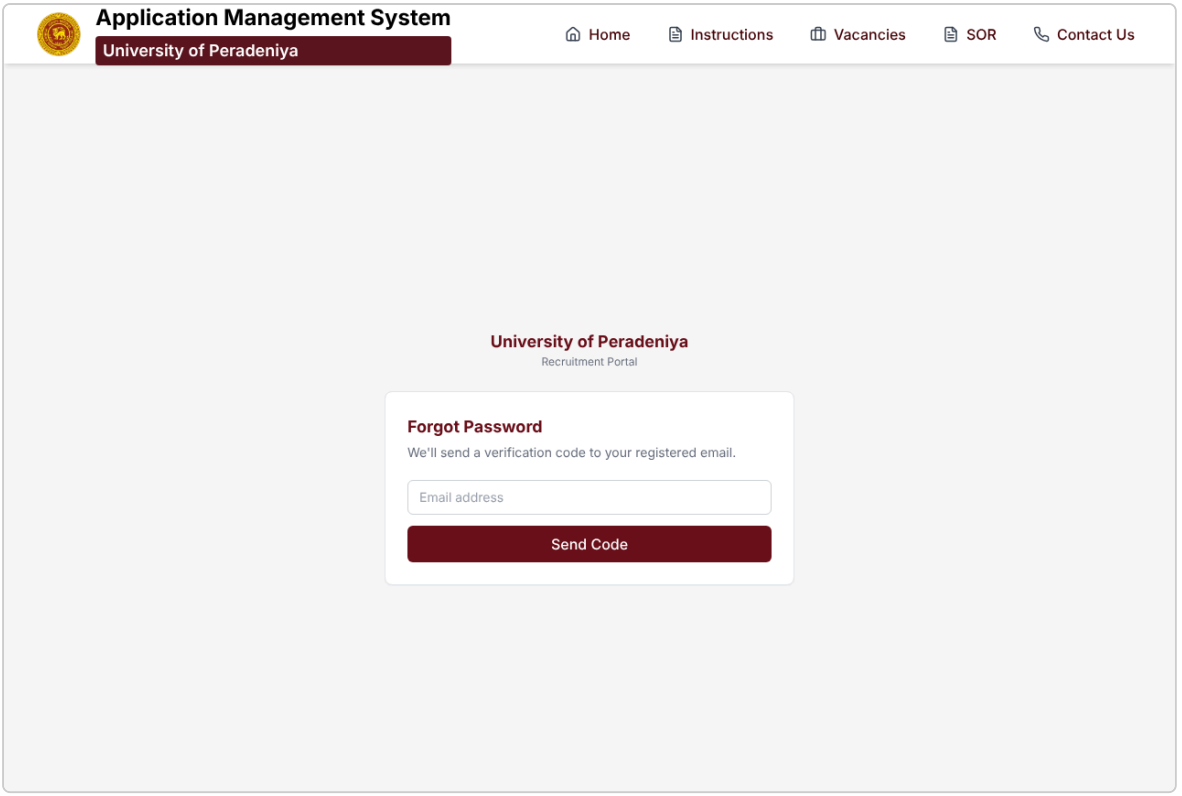

Enter Login Code page

3. You arrive at your **Dashboard** — or, if you started from an advertisement's Apply Now button, back at that advertisement.

6.2 Forgot your password?

1. On the Login page click **Forgot password?**
2. Enter your registered e-mail and click **Send Code**.
3. Enter the 6-digit code on the **Verify Code** page and click **Verify**.
4. Choose a new password on **Set a New Password** and click **Reset Password**, then log in with it.

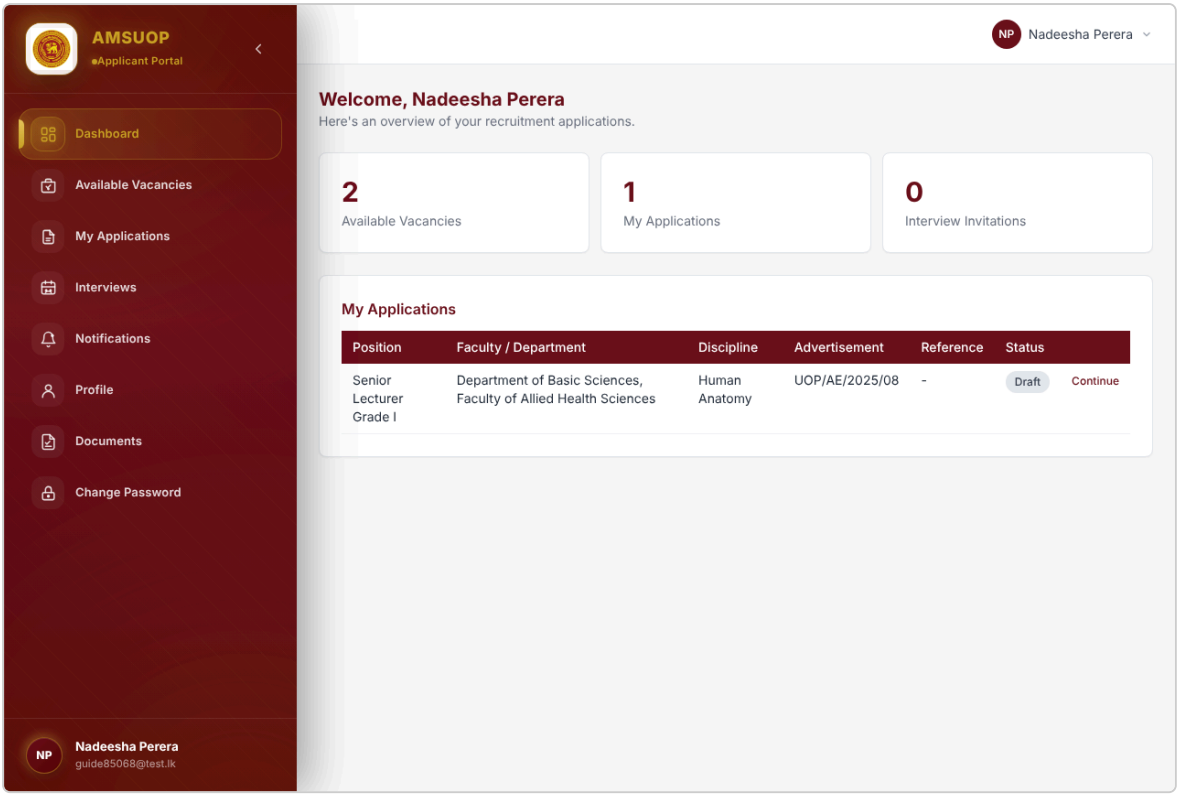

Forgot Password page

> **Security:** never share your password or OTP codes. University staff will never ask you for them. Always **log out** (top-right menu) on a shared computer.

7. Your Dashboard

After logging in you land on the **Applicant Portal** dashboard.

Applicant dashboard showing counts and the My Applications table

At the top are three counts: **Available Vacancies**, **My Applications** and **Interview Invitations**.

My Applications lists each application with its position, faculty/department, discipline, advertisement, reference number and **status**:

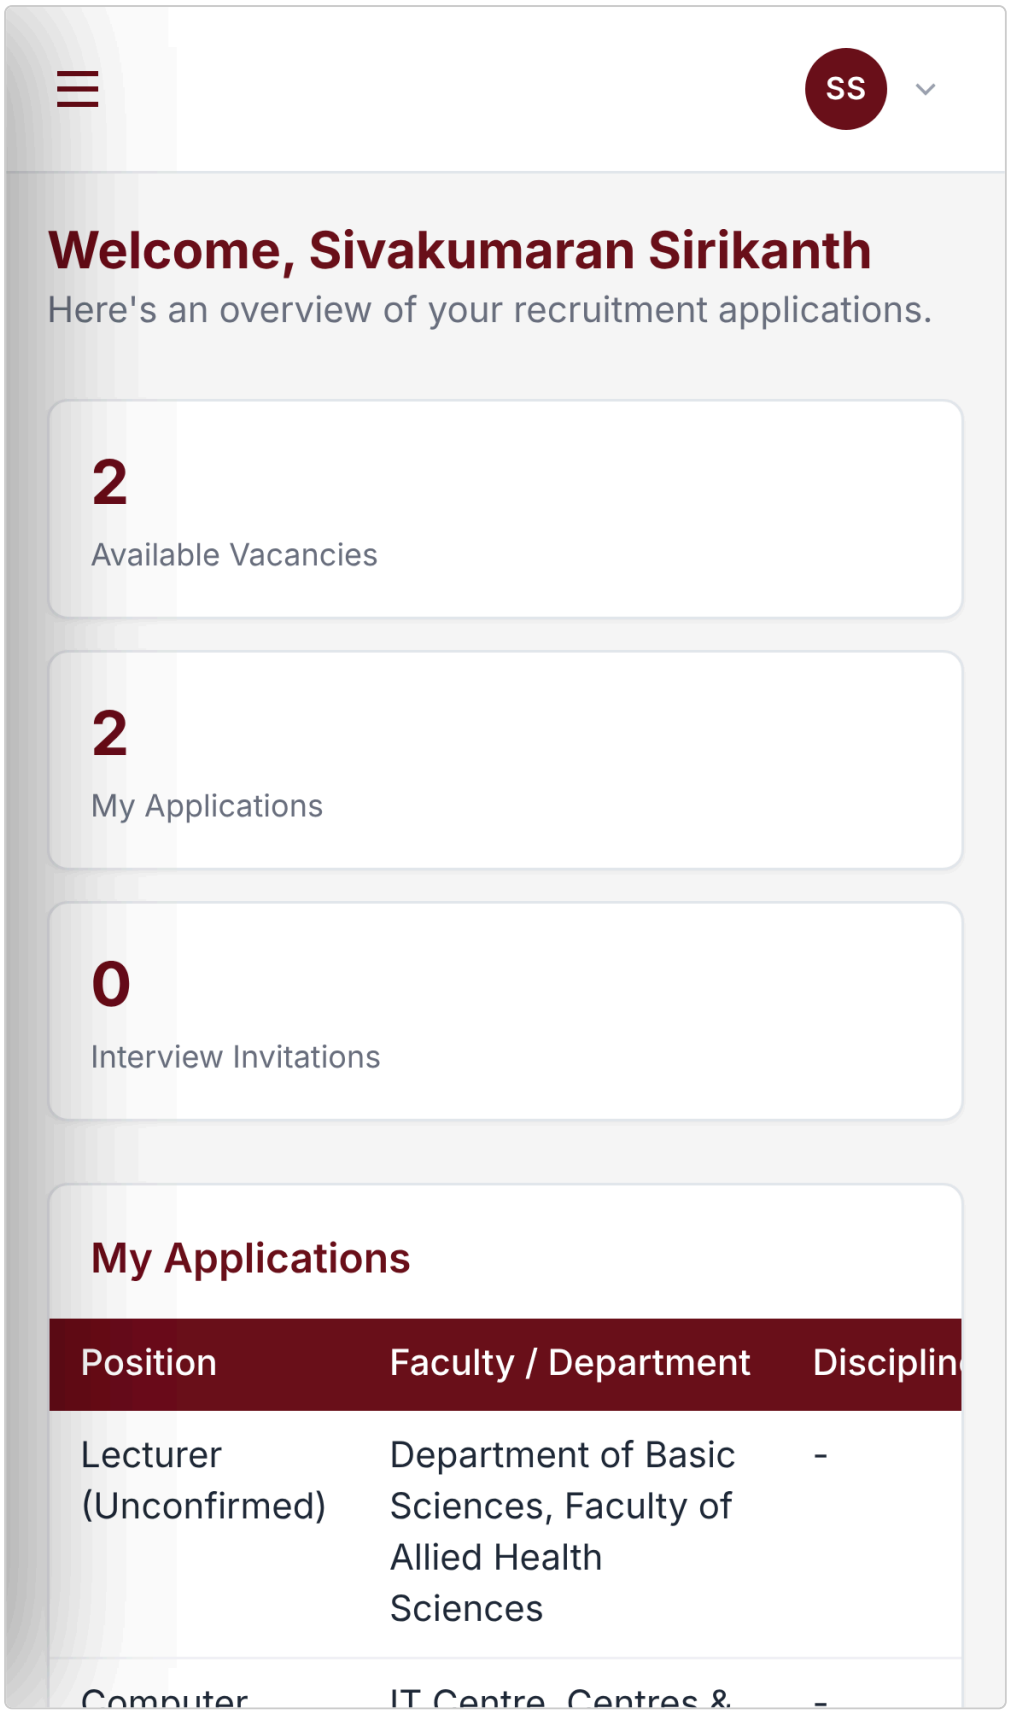

Status	Meaning	Action
Draft	Started but not yet submitted. No reference number yet.	**Continue** — reopen the form where you left off.
Submitted	Received by the University; reference number issued.	**View** — see progress and download the PDF.
Later statuses (e.g. Documents Verified, Shortlisted, Interview Scheduled)	Your application is moving through the selection process.	Watch **Notifications** and **Interviews**.

The left-hand menu:

- **Dashboard** — this overview
- **Available Vacancies** — open advertisements (same as the public Vacancies page)
- **My Applications** — all your drafts and submitted applications
- **Interviews** — interview invitations, date, time and venue
- **Notifications** — messages from the University about your applications

- **Profile** — your account details
- **Documents** — the documents you have uploaded
- **Change Password**

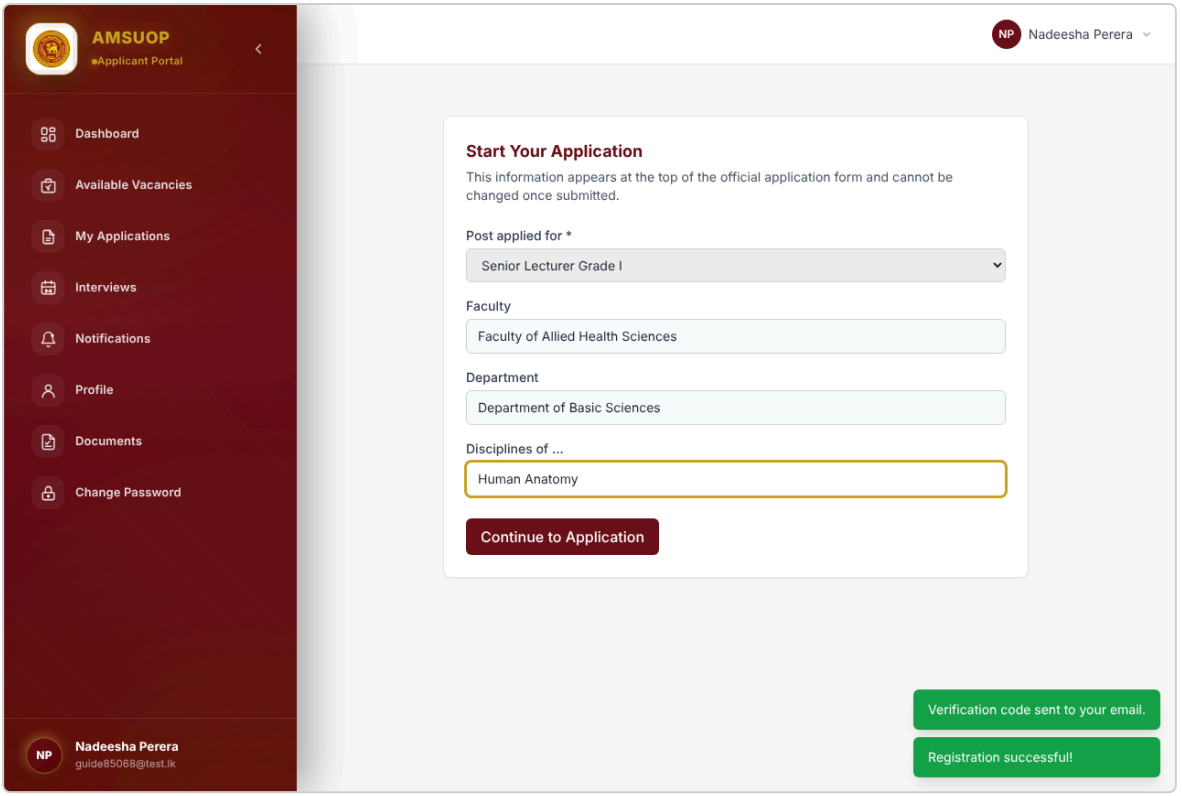

On a phone the menu folds away behind the menu button; everything else works the same.

Dashboard on a mobile phone

8. Start your application (choose the post)

After pressing **Apply Now** while signed in, the **Start Your Application** page opens.

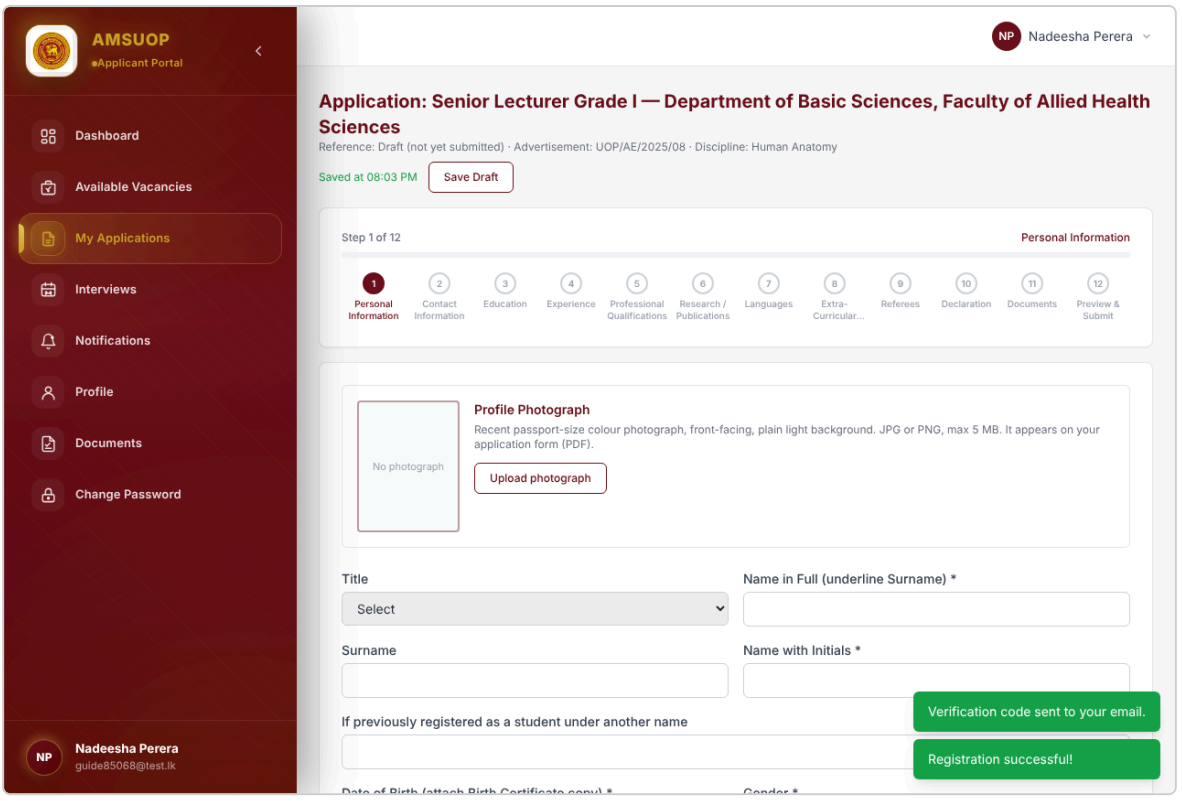

Start Your Application page: post, faculty, department and discipline

1. **Post applied for** — choose the exact post from the list (e.g. Senior Lecturer Grade I, Senior Lecturer Grade II, Lecturer (Unconfirmed), Lecturer (Probationary), or the Academic Support post advertised).
2. **Faculty** and **Department** are filled in from the advertisement and cannot be changed.
3. **Disciplines of ...** — type the subject area you are applying in (e.g. Human Anatomy), where relevant.
4. Click **Continue to Application**.

> **Important:** the post you choose here is printed at the top of your official application form and **cannot be changed after submission**. If you want to apply for a different post, start a separate application.

Your application is now created as a **Draft** and the 12-step form opens.

9. How the online form works

The application form: header, save status, Save Draft and the 12-step bar

The header shows the post, department and faculty, the reference ("Draft (not yet submitted)" until you submit), the advertisement number and your discipline.

The step bar shows all 12 steps:

#	Step	#	Step
1	Personal Information	7	Languages
2	Contact Information	8	Extra-Curricular Activities
3	Education	9	Referees
4	Experience	10	Declaration
5	Professional Qualifications	11	Documents
6	Research / Publications	12	Preview & Submit

Use **Next** and **Back** at the bottom of each step, or click a step number to jump to it.

Saving — you will not lose your work:

- The form **saves automatically** every few seconds while you type and whenever you leave a field. "**Saved at hh:mm**" confirms the last save.
- Click **Save Draft** at any time to save immediately.
- You can log out and come back later: open **My Applications → Continue**. Your draft is kept **until the closing date**.

Required fields are marked with *. **Next** stays disabled until every required field in the current step is complete; a red message under a field tells you what is missing.

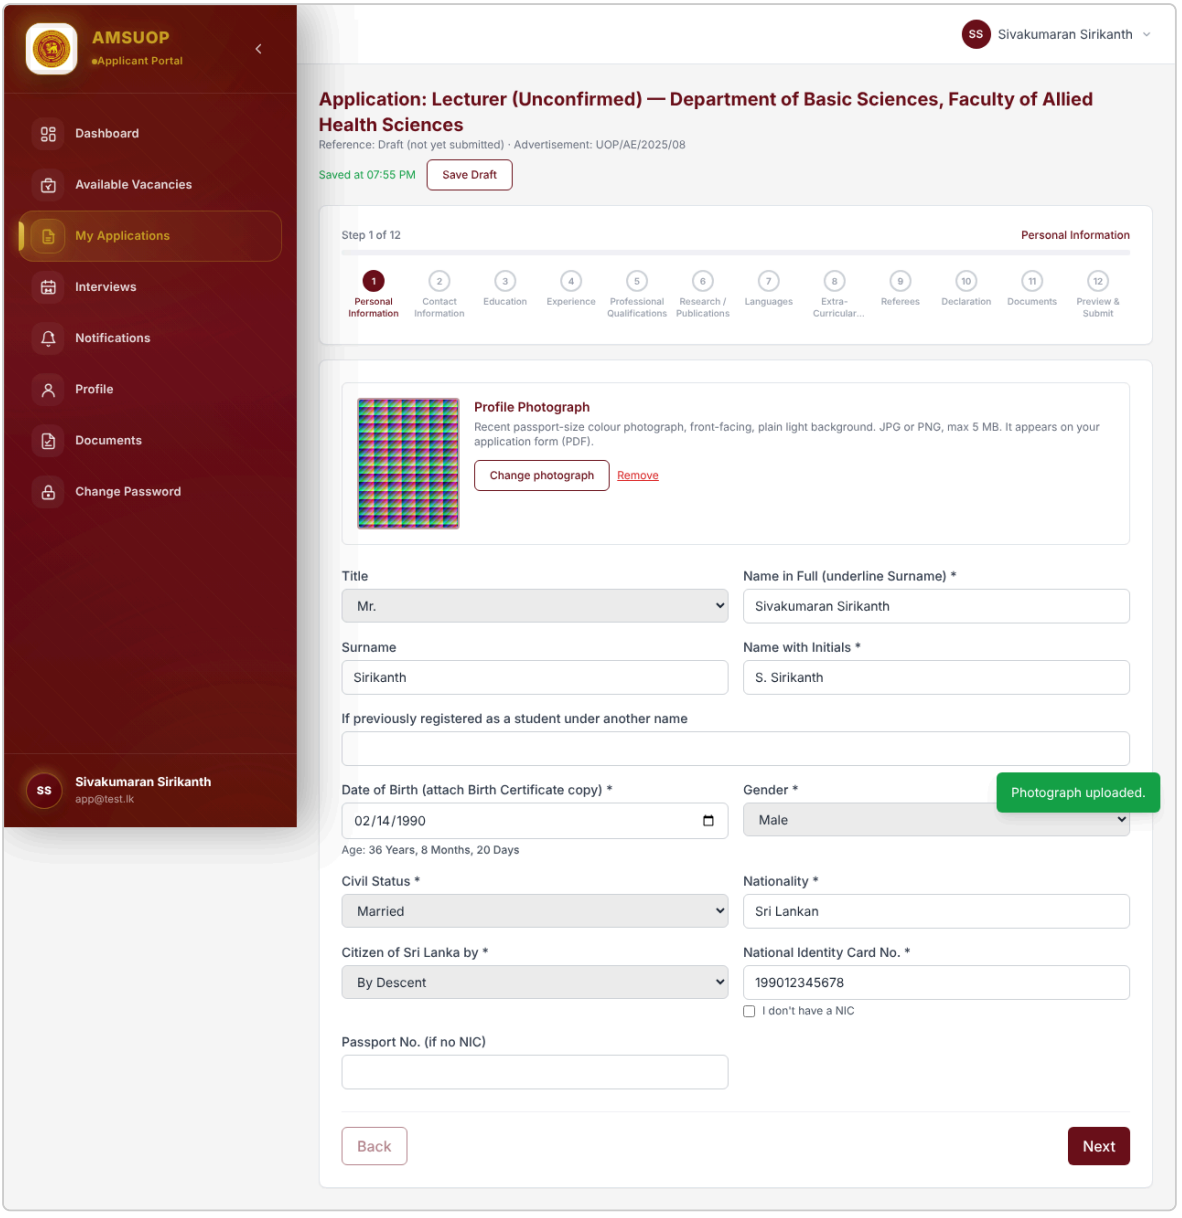

Your details are reused. Personal, contact, education, experience and similar details are kept in your applicant profile, so a second application starts with them already filled in. Each submitted application keeps its own fixed copy, so later edits do not change an application you have already submitted.

> If the closing date passes while your application is still a draft, the form shows that the closing date has passed and the draft can no longer be edited or submitted.

10. Steps 1–10 of the form, one by one

Step 1 — Personal Information

1. **Profile Photograph:** click **Upload photograph** and choose a recent passport-size colour photo (JPG or PNG, max 5 MB). A preview appears at once; this photo is printed on your application PDF. Use the same button to replace it.
2. Fill in **Title, Name in Full** (underline surname), **Surname, Name with Initials**, any previous name used as a student, **Date of Birth, Gender, Civil Status, Nationality** and, for Sri Lankan citizens by registration, the **registration reference number** and **date of the certificate of citizenship**.
3. Your **age** is calculated automatically from your date of birth and shown in **Years, Months, Days**.

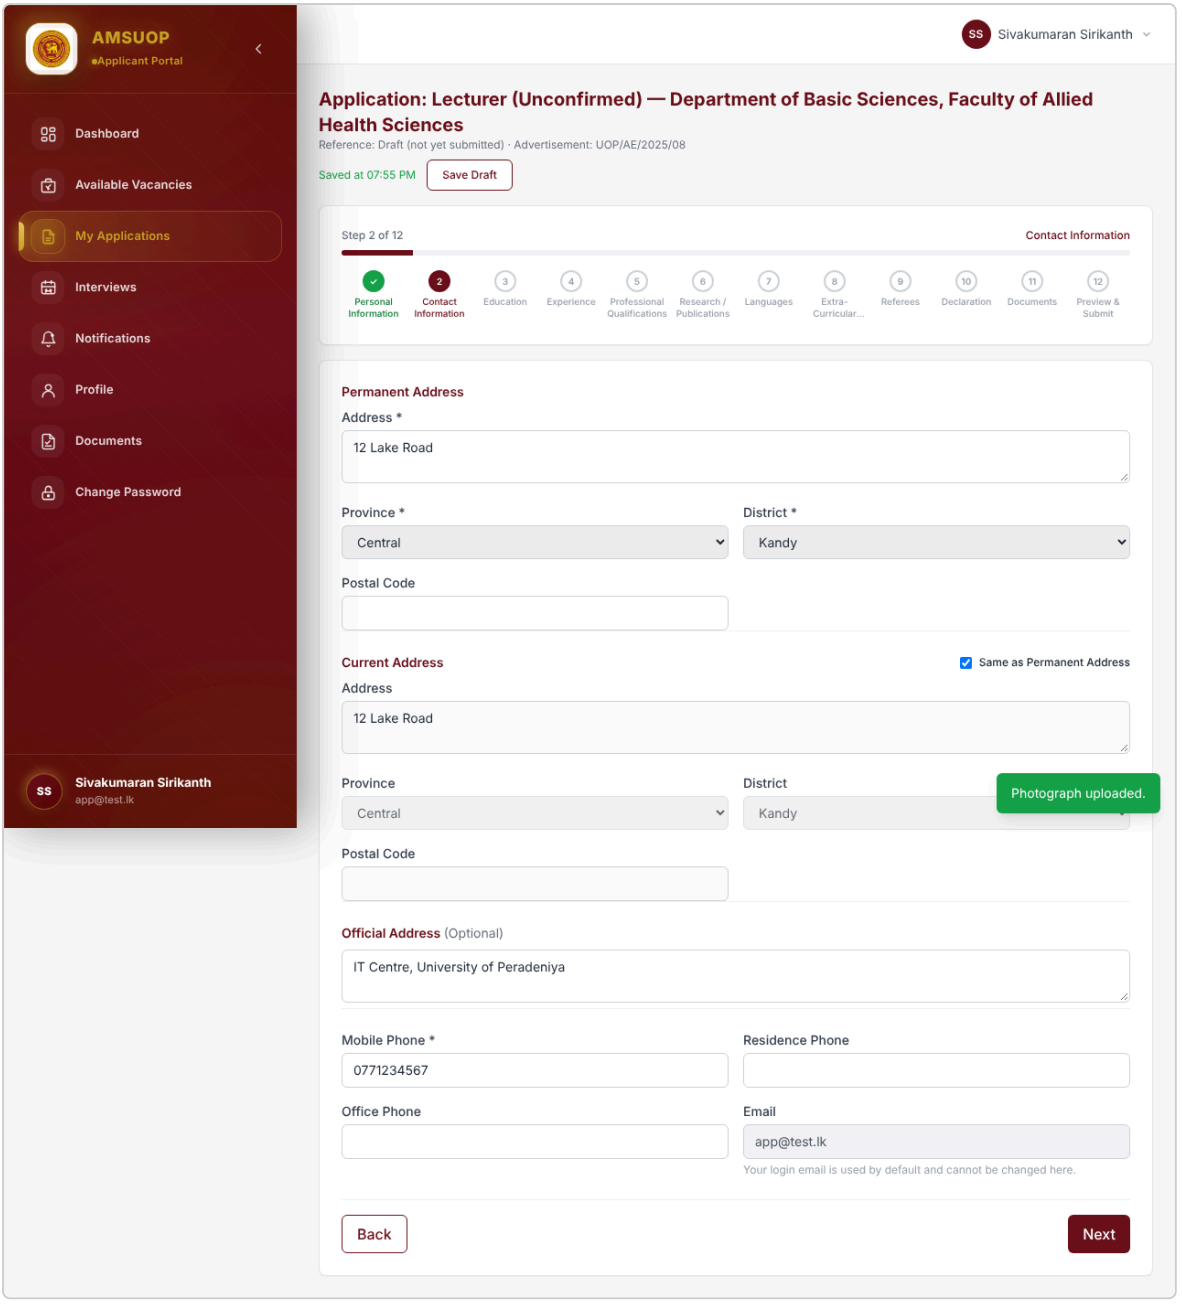

Step 1: Personal Information with profile photograph and age

Step 2 — Contact Information

- **Permanent Address** (address, province, district, postal code) — required.
- **Current Address** — only if different from the permanent address.
- **Official Address (Optional)** — your workplace address, if any.
- **Mobile Phone** (required), **Residence Phone**, **Office Phone**, **E-mail**.

Choose the **Province** first; the **District** list then shows that province's districts.

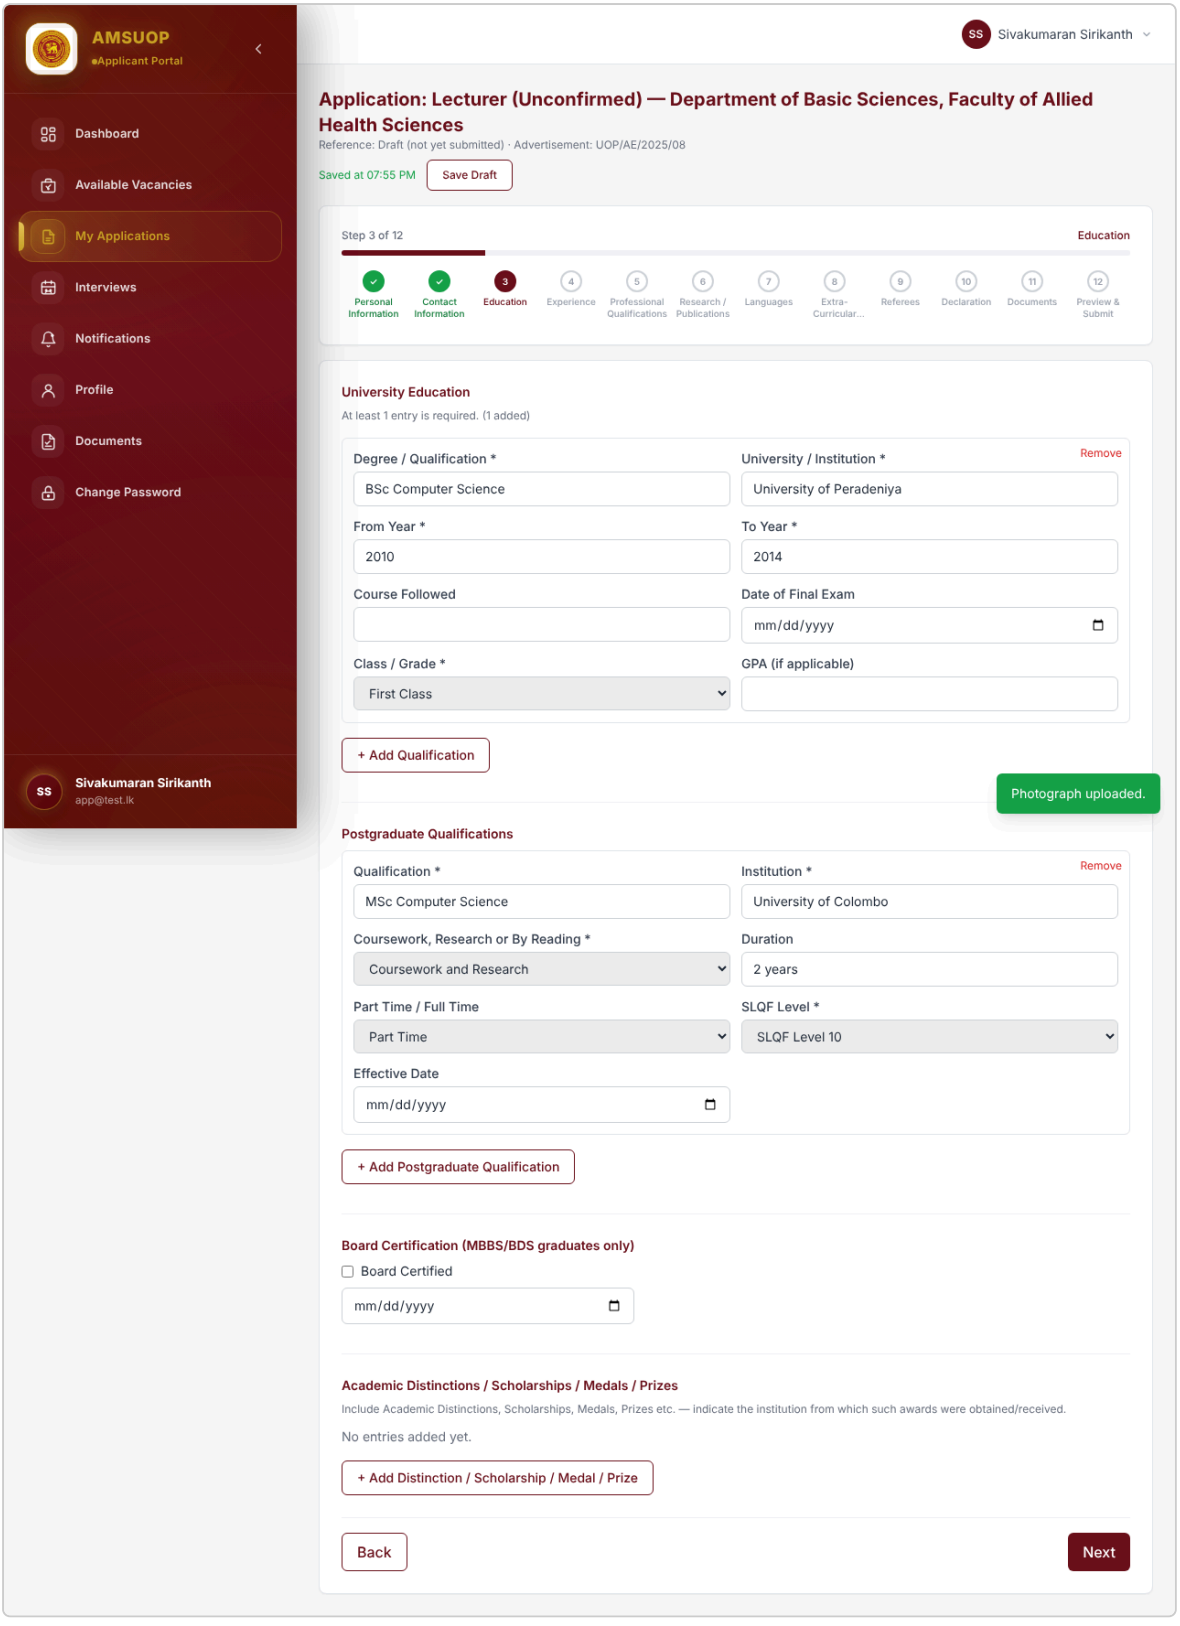

Step 2: Contact Information including the optional Official Address

Step 3 — Education

- **University Education** — at least one entry. For each degree: Degree / Qualification, University / Institution, From and To year, Course Followed, Date of Final Exam, Class / Grade and GPA. Use **+ Add Qualification** for more.

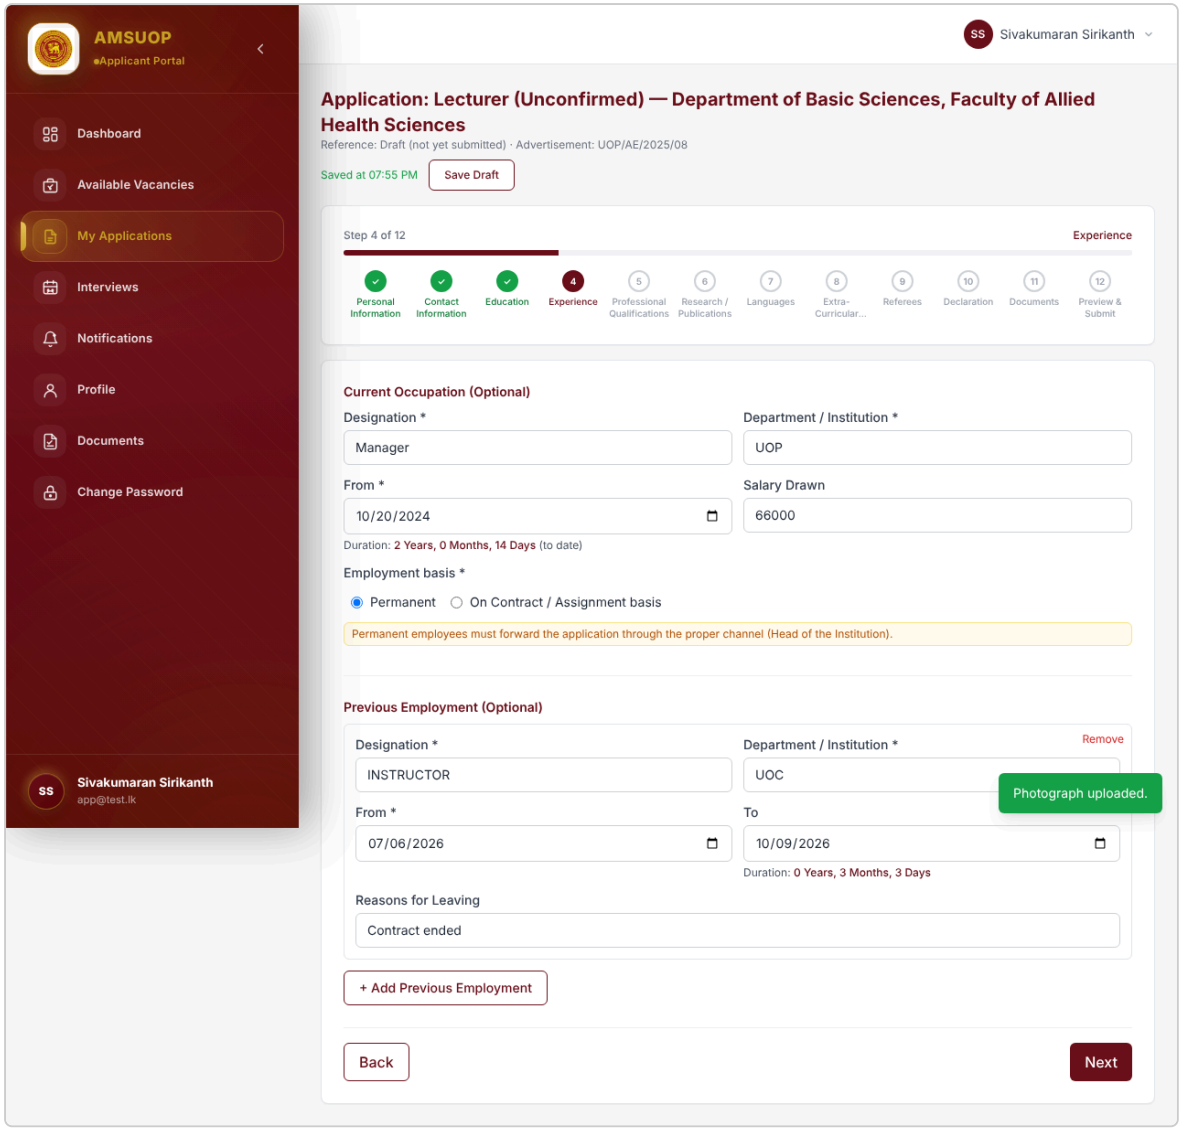

- **Postgraduate Qualifications (optional)** — Qualification, Institution, type (**Coursework / Coursework and Research / Research**), Duration, **Part Time / Full Time**, **SLQF Level (7–12)** and Effective Date. Use **+ Add Postgraduate Qualification**.
- **Board Certification** — MBBS/BDS graduates only.
- **Academic Distinctions / Scholarships / Medals / Prizes** — include the awarding institution.

Step 3: Education with university and postgraduate qualifications

Step 4 — Experience (employment)

- **Current Occupation (optional):** Designation, Department / Institution, From date, Salary Drawn, and **Employment basis — Permanent** or **On Contract / Assignment basis** (required once you enter a current occupation).
- **Previous Employment (optional): + Add Previous Employment** for each earlier post, with From and To dates and Reasons for Leaving.
- The **Duration** of every job is calculated for you in **Years, Months, Days** and appears on the preview and PDF.

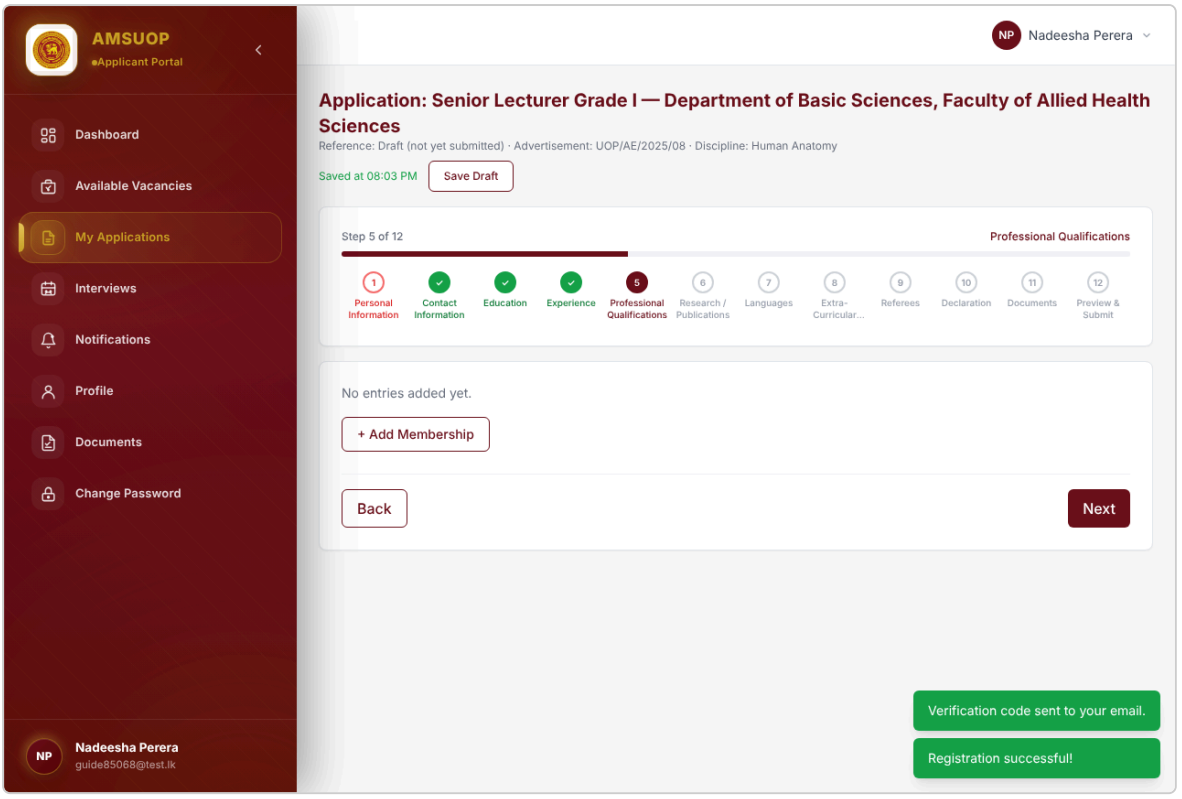

Step 4: Experience with employment basis and calculated duration

> If you are in **permanent** public-service employment, you must also send an advance copy of your application through your Head of Institution ("proper channel") by the advance-copy deadline in the advertisement.

Step 5 — Professional Qualifications (memberships)

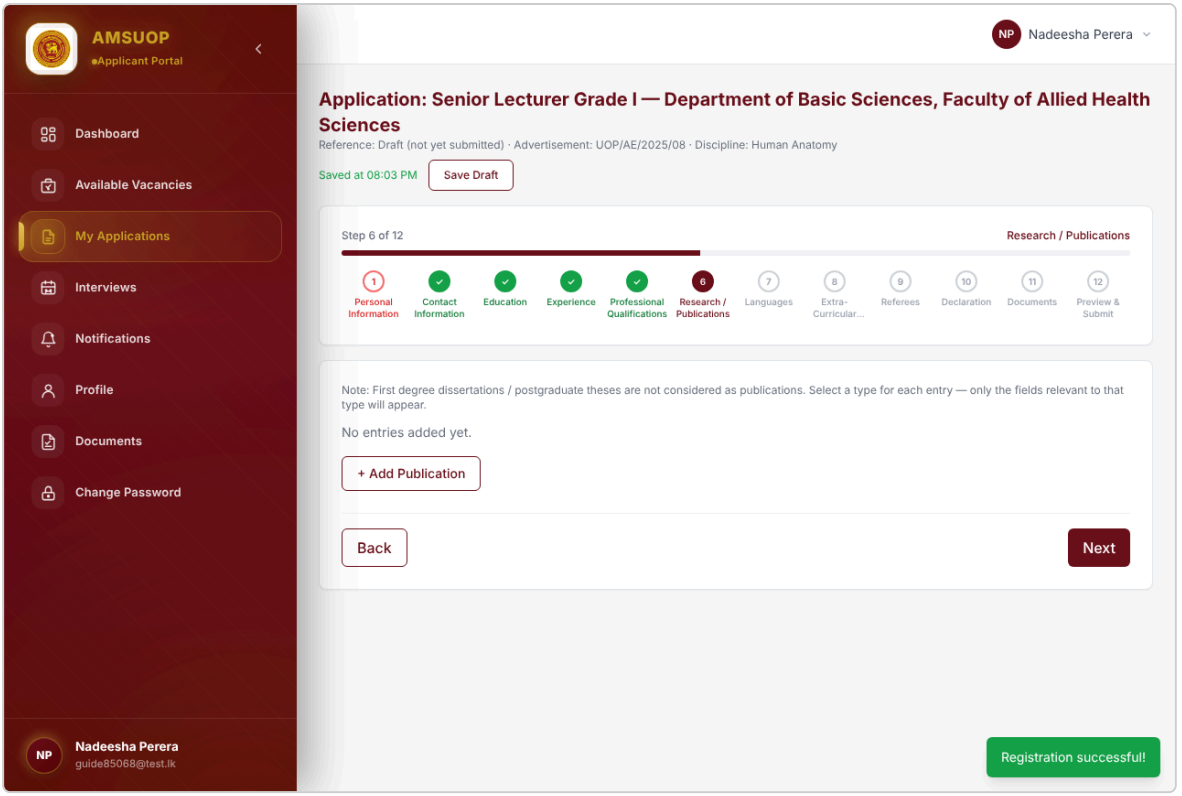

Add each **professional body membership** with **+ Add Membership**: Professional Body / Organization, Membership No, Membership Level / Grade, Year Joined, Expiry Date. Leave empty if none.

Step 5: Professional Qualifications / memberships

Step 6 — Research / Publications

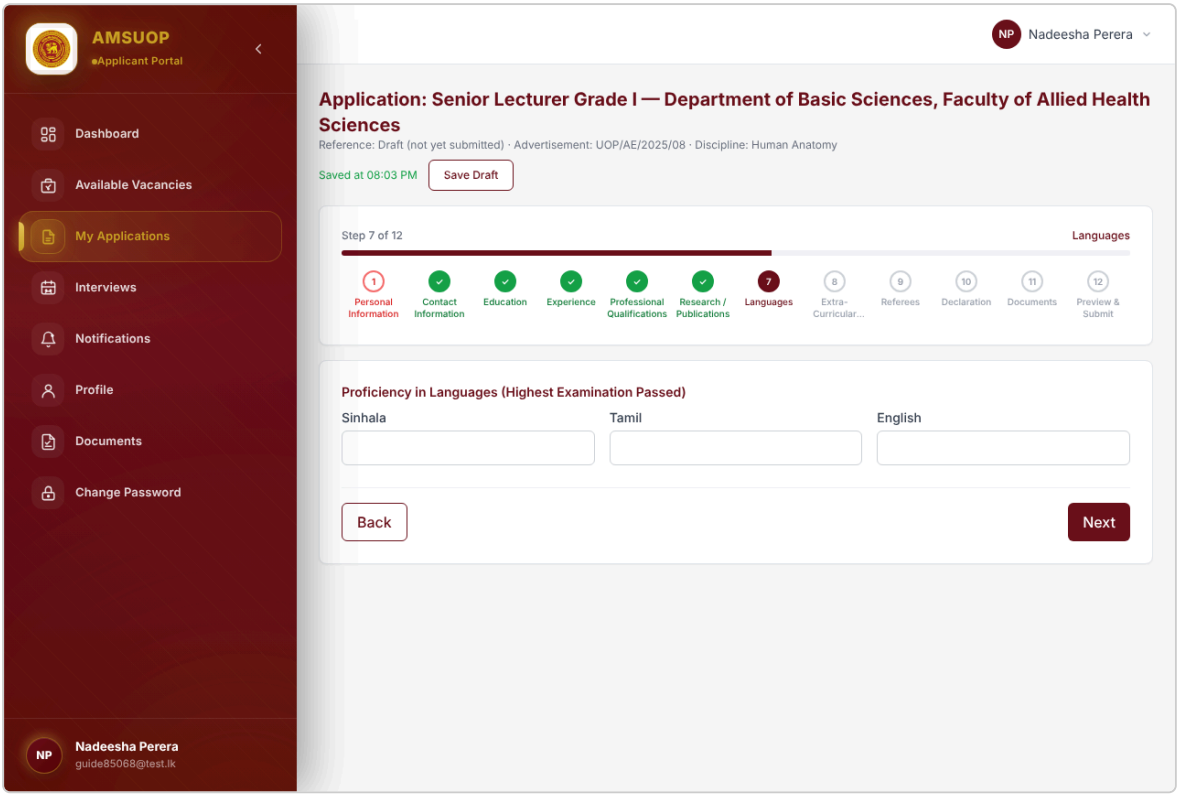

Add each publication with **+ Add Publication** (type, title of article or book, authors, source/journal, year or date of publication, ISBN where applicable). Leave empty if none.

Step 6: Research / Publications

Step 7 — Languages

For **Sinhala, Tamil** and **English**, state the highest examination passed in each language.

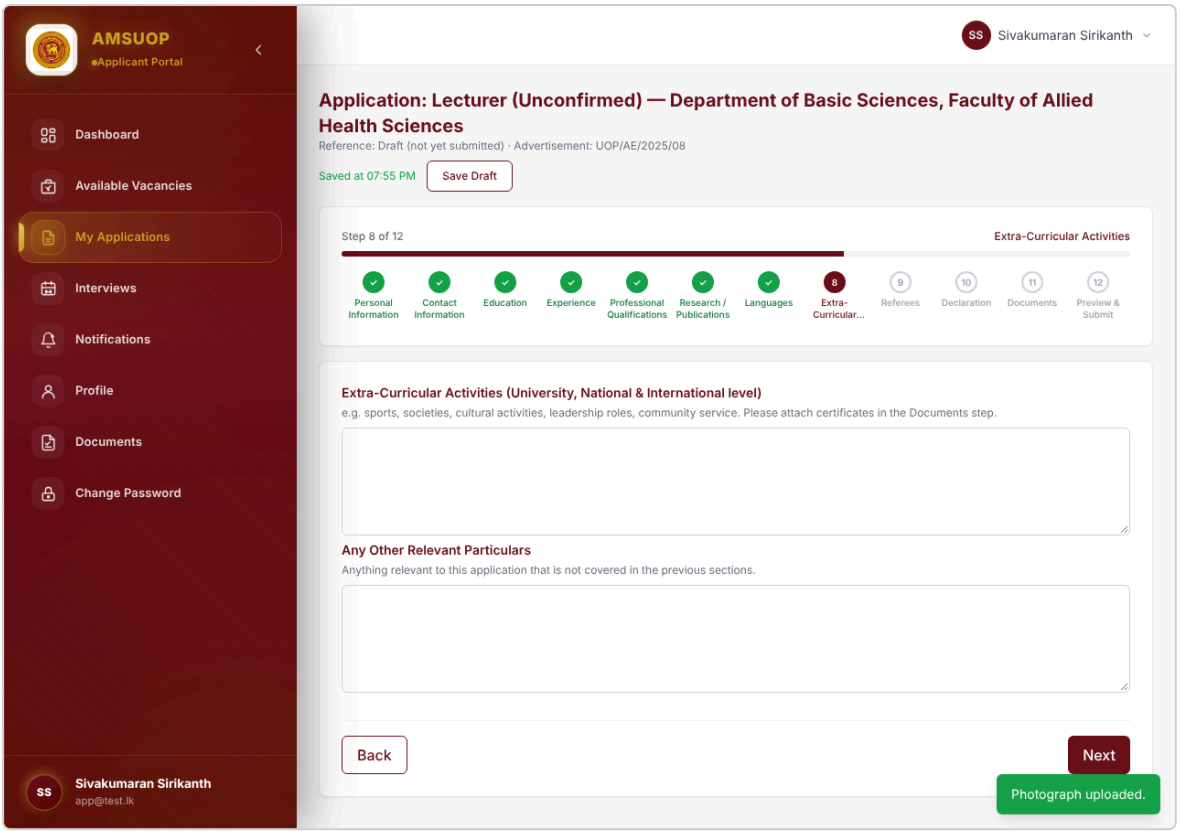

Step 7: Languages

Step 8 — Extra-Curricular Activities

Two free-text sections, both optional:

- **Extra-Curricular Activities** at university, national and international level (sports, societies, cultural activities, leadership, community service). Attach certificates in Step 11.
- **Any Other Relevant Particulars** not covered elsewhere.

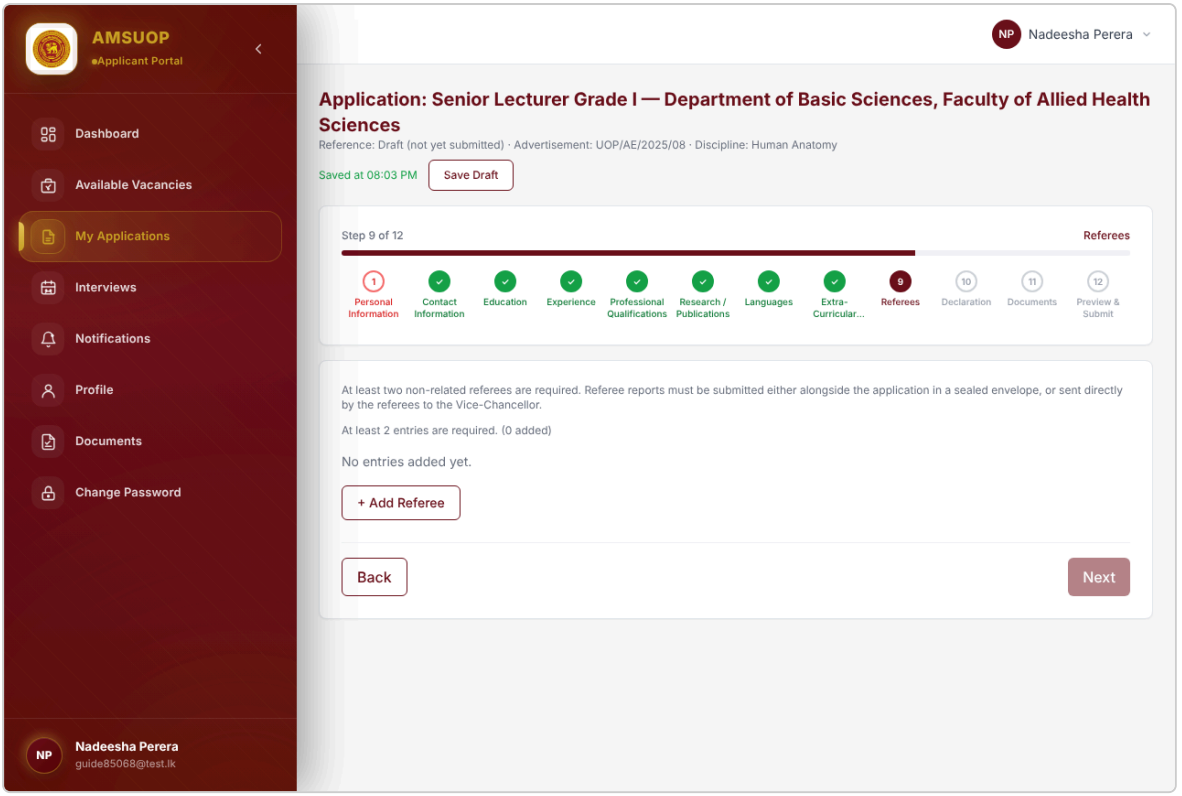

Step 8: Extra-Curricular Activities

Step 9 — Referees

Give **at least two referees** who are not related to you: Name, Designation, Institution, Address, Telephone No and E-mail. Use **+ Add Referee** for more.

> When you submit, each referee receives a short e-mail saying you have named them on your application. Make sure their e-mail addresses are correct and let them know in advance.

Step 9: Referees

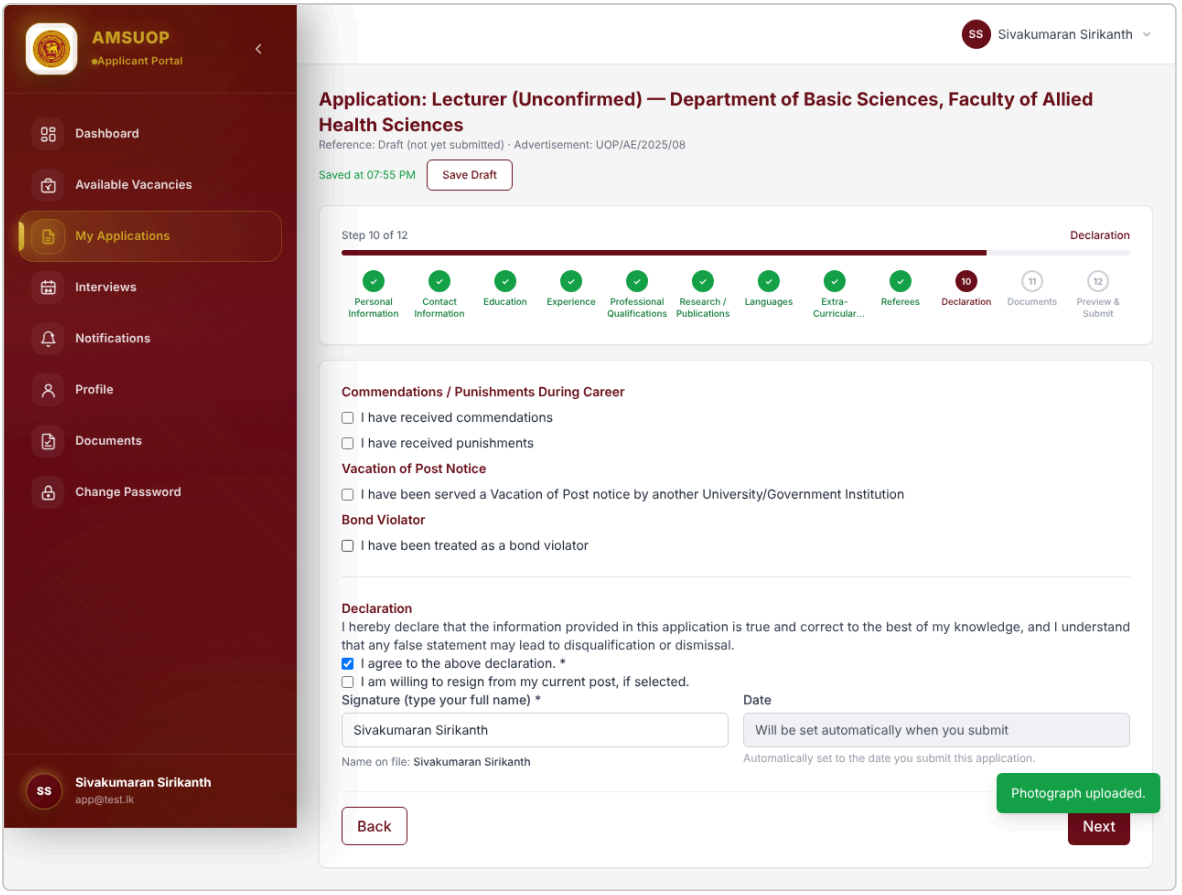

Step 10 — Declaration

Answer the career questions first. Ticking any of these boxes opens a required details box:

- **Commendations / Punishments During Career**
- **Vacation of Post Notice** served by another university or government institution
- **Bond Violator** — if ticked, give the **Bond Value** and **University / Institution**

Then complete the declaration:

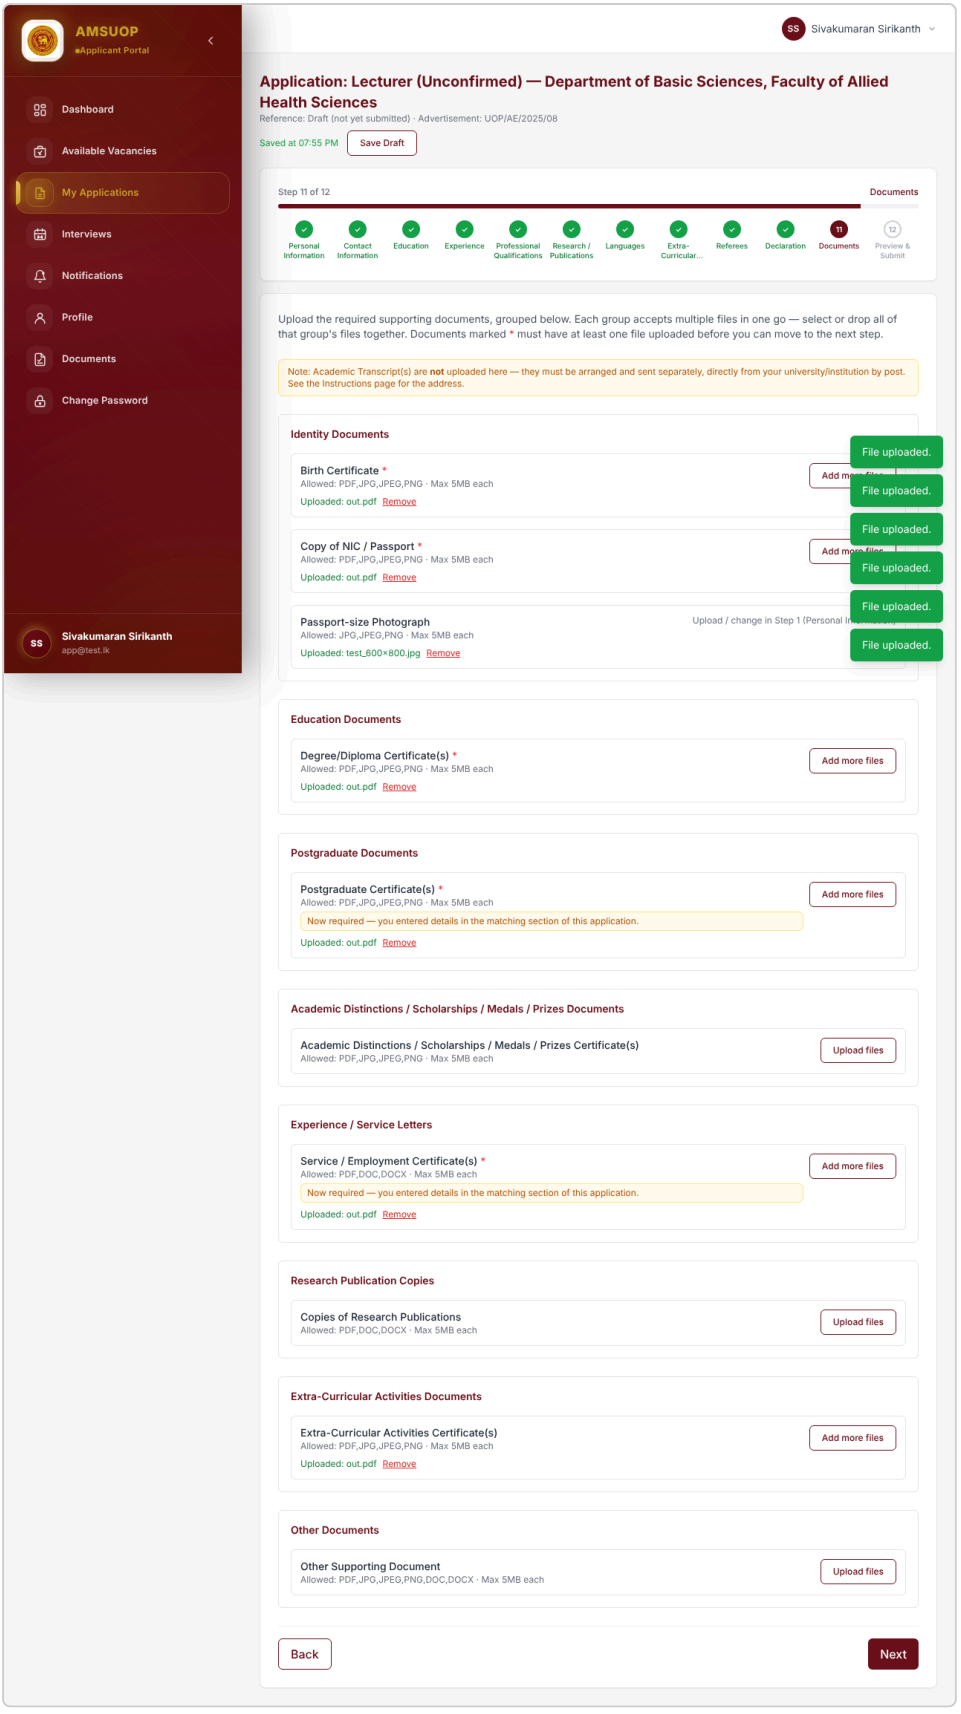

1. Read the declaration and tick **I agree to the above declaration** (required).
2. Tick **I am willing to resign from my current post, if selected**, if it applies.
3. **Signature:** type your full name. Check it against the "**Name on file**" shown below the box.
4. The **Date** is filled in automatically when you submit.

Step 10: Declaration with commendations, vacation of post, bond and the declaration

11. Step 11 — Documents

All supporting documents for this application are uploaded on this one page, grouped by type. Each group accepts several files at once — select (or drag and drop) all of that group's files together.

Step 11: Documents grouped by type, with required items marked *

Group	Document	Required?
Identity Documents	Birth Certificate	**Yes**
Identity Documents	Copy of NIC / Passport	**Yes**
Identity Documents	Passport-size Photograph	Uploaded in **Step 1** (shown here for reference)
Education Documents	Degree / Diploma Certificate(s)	**Yes**
Postgraduate Documents	Postgraduate Certificate(s)	Required if you entered a postgraduate qualification
Academic Distinctions	Certificates for distinctions, scholarships, medals, prizes	Optional
Experience / Service Letters	Service / Employment Certificate(s)	Required if you entered employment details
Research Publication Copies	Copies of research publications	Optional
Extra-Curricular Activities	Certificate(s)	Required if you entered extra-curricular activities
Other Documents	Other Supporting Document	Optional

How to upload

1. Click **Upload files** (or **Add more files**) on the document row.
2. Choose the file(s). Allowed types are shown on each row (PDF, JPG, JPEG, PNG; DOC/DOCX for service letters and publications). **Maximum 5 MB per file.**
3. Wait for "**Uploaded: …**" to appear in green. Use **Remove** to delete a wrong file.

A yellow "**Now required**" note means the document became compulsory because you filled in the matching section of the form. Documents marked * must have at least one file before you can continue.

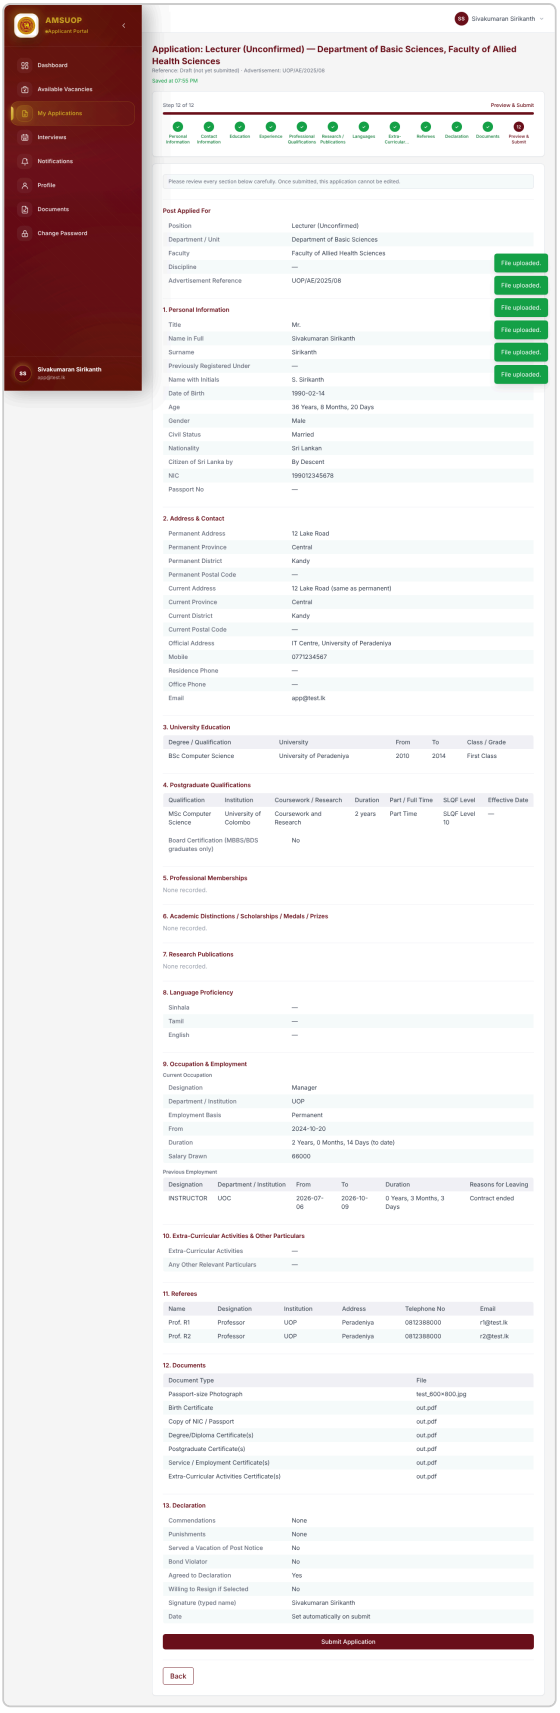

> **Academic transcripts are NOT uploaded here.** They must be sent separately, directly from your university/institution, by post. See the **Instructions** page for the address.

Tips for good scans: scan in colour at about 200–300 dpi, make sure every page is readable and straight, and combine multi-page documents into one PDF. Large photos are automatically compressed by the system, so phone photos of documents are acceptable if they are clear.

12. Step 12 — Preview & Submit

12.1 Check the preview carefully

The preview shows your whole application exactly as it will be submitted: personal and contact details (including the official address), education with postgraduate type, part/full time and SLQF level, every job with its **duration in Years, Months, Days** and employment basis, memberships, publications, languages, extra-curricular activities, referees, declaration answers and the list of uploaded documents.

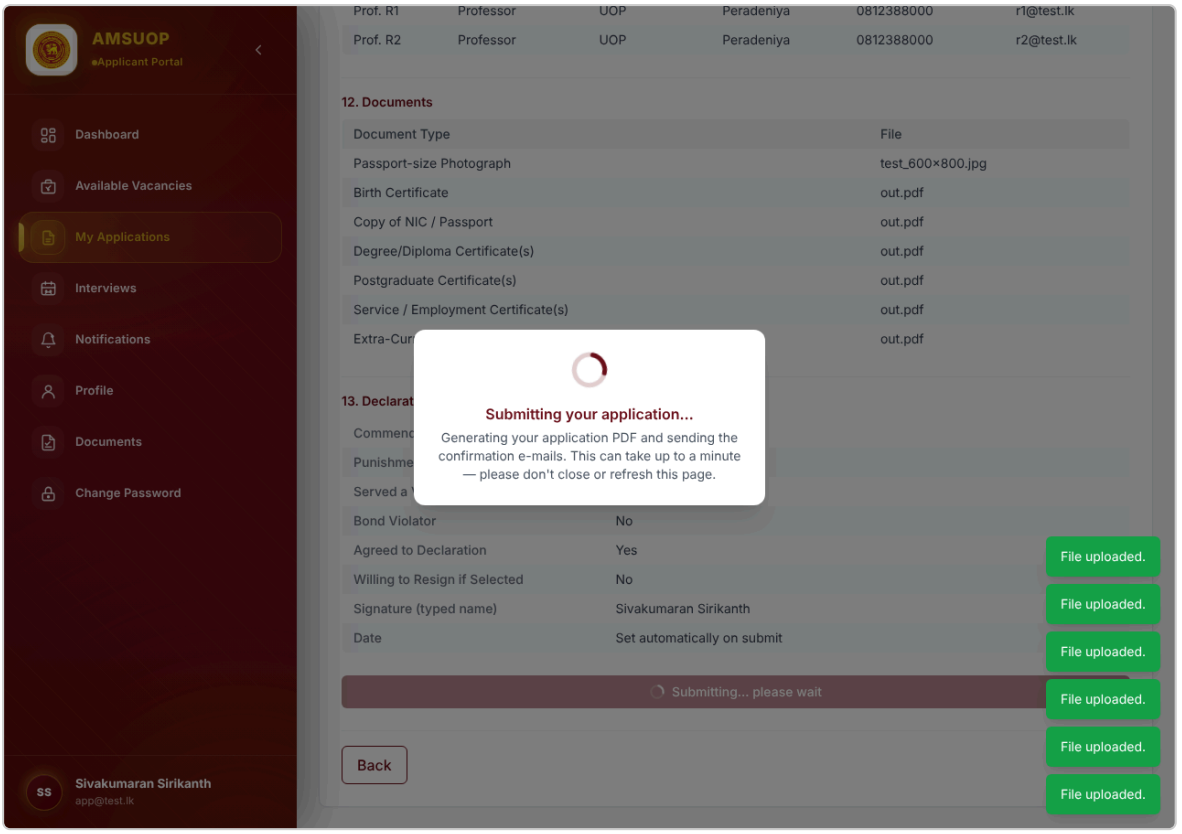

Step 12: Preview of the full application before submission

If something is wrong, click the step in the step bar (or **Back**), correct it, and return to **Preview & Submit**.

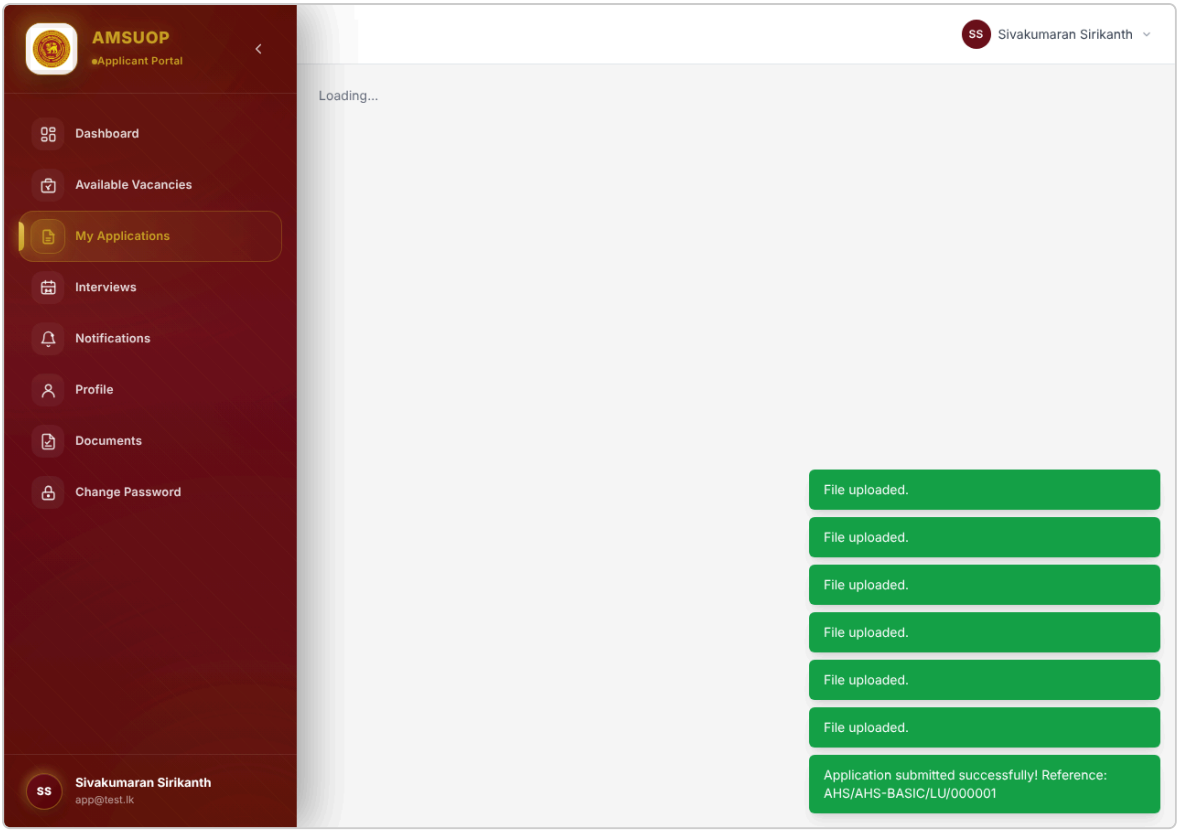

12.2 Submit

1. Click **Submit Application**.
2. Confirm in the pop-up box. **After submission the application can no longer be edited.**
3. A "**Submitting your application...**" screen appears while the system checks your application, generates your PDF and sends the e-mails. **Do not close or refresh the page** — this can take a few seconds.

Submitting your application... loading screen

4. When it finishes you see "**Application submitted successfully! Reference: ...**" and the application page opens with status **Submitted** and your **reference number** (e.g. AHS/AHS-BASIC/LU/000001).

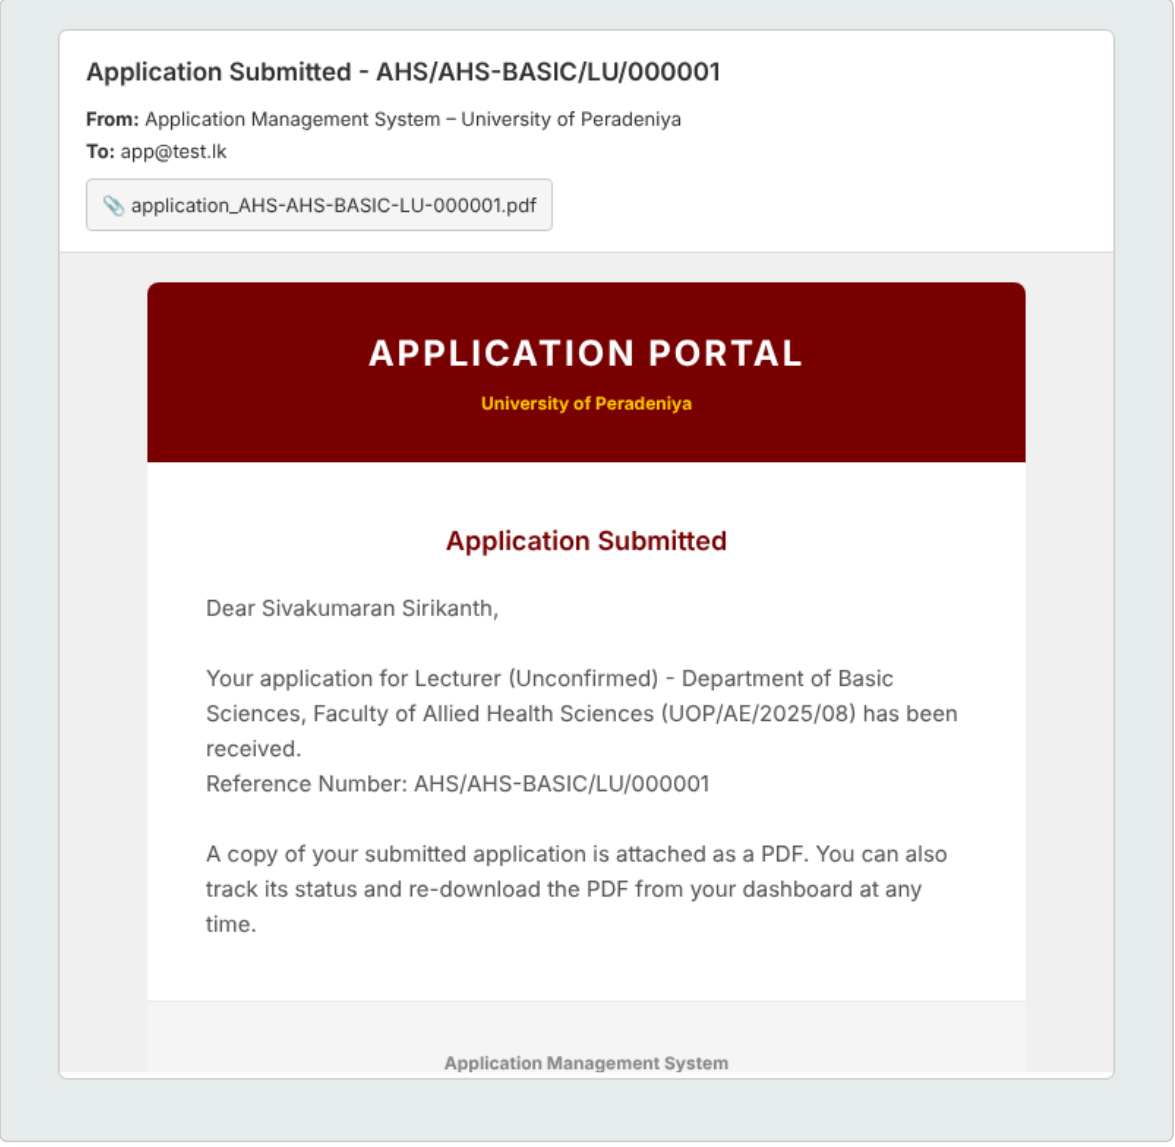

Application page after successful submission

If a required step is incomplete, the system shows “Please complete ‘…’ before submitting” and takes you to that step. Fix it and submit again.

13. After submission: confirmation e-mail, PDF download and posting

13.1 Confirmation e-mail with your application PDF

Within a few minutes you receive an e-mail titled **"Application Submitted – <your reference number>"**. It confirms the post, department, faculty and advertisement, gives your **reference number**, and has your **completed application form attached as a PDF**.

Confirmation e-mail with the application PDF attached

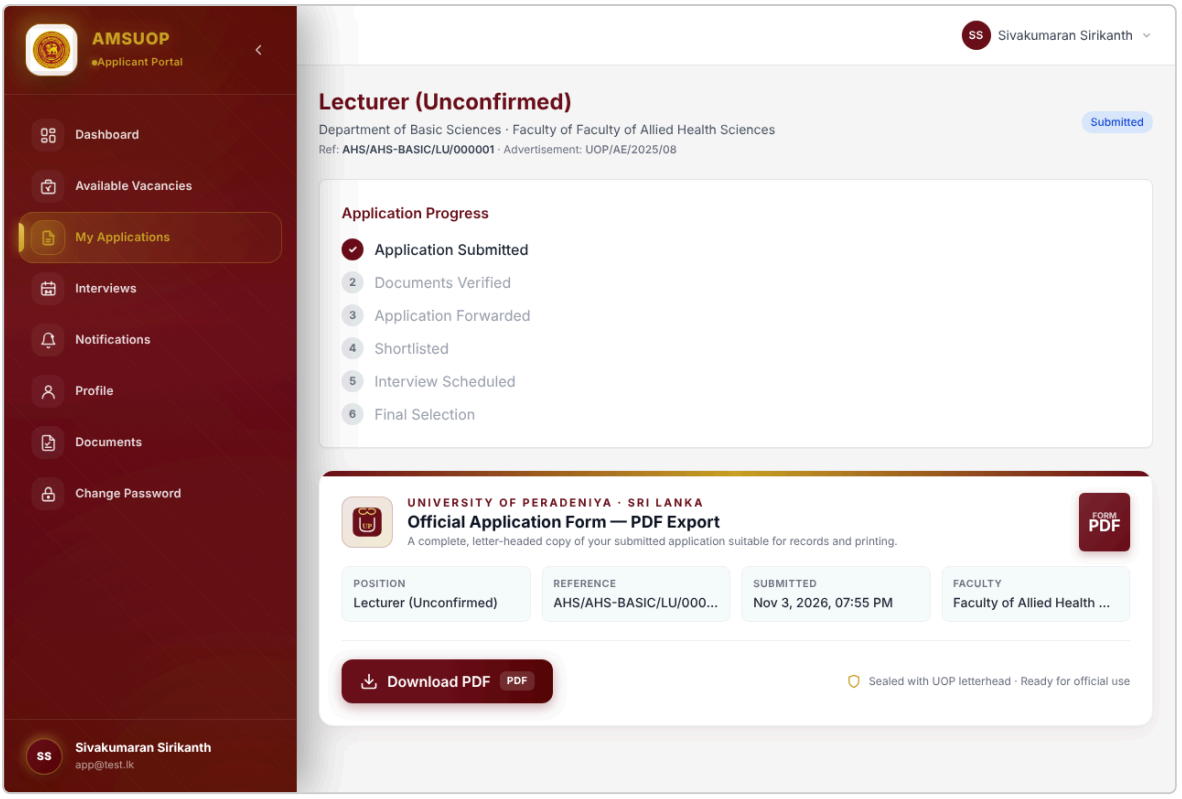

At the same time, each of your referees receives a short notice that you have named them on your application.

13.2 Download the PDF from the system

You can download your application again at any time:

1. Go to **My Applications** and click **View** on the submitted application.

2. In the **Official Application Form — PDF Export** box, click **Download PDF**.

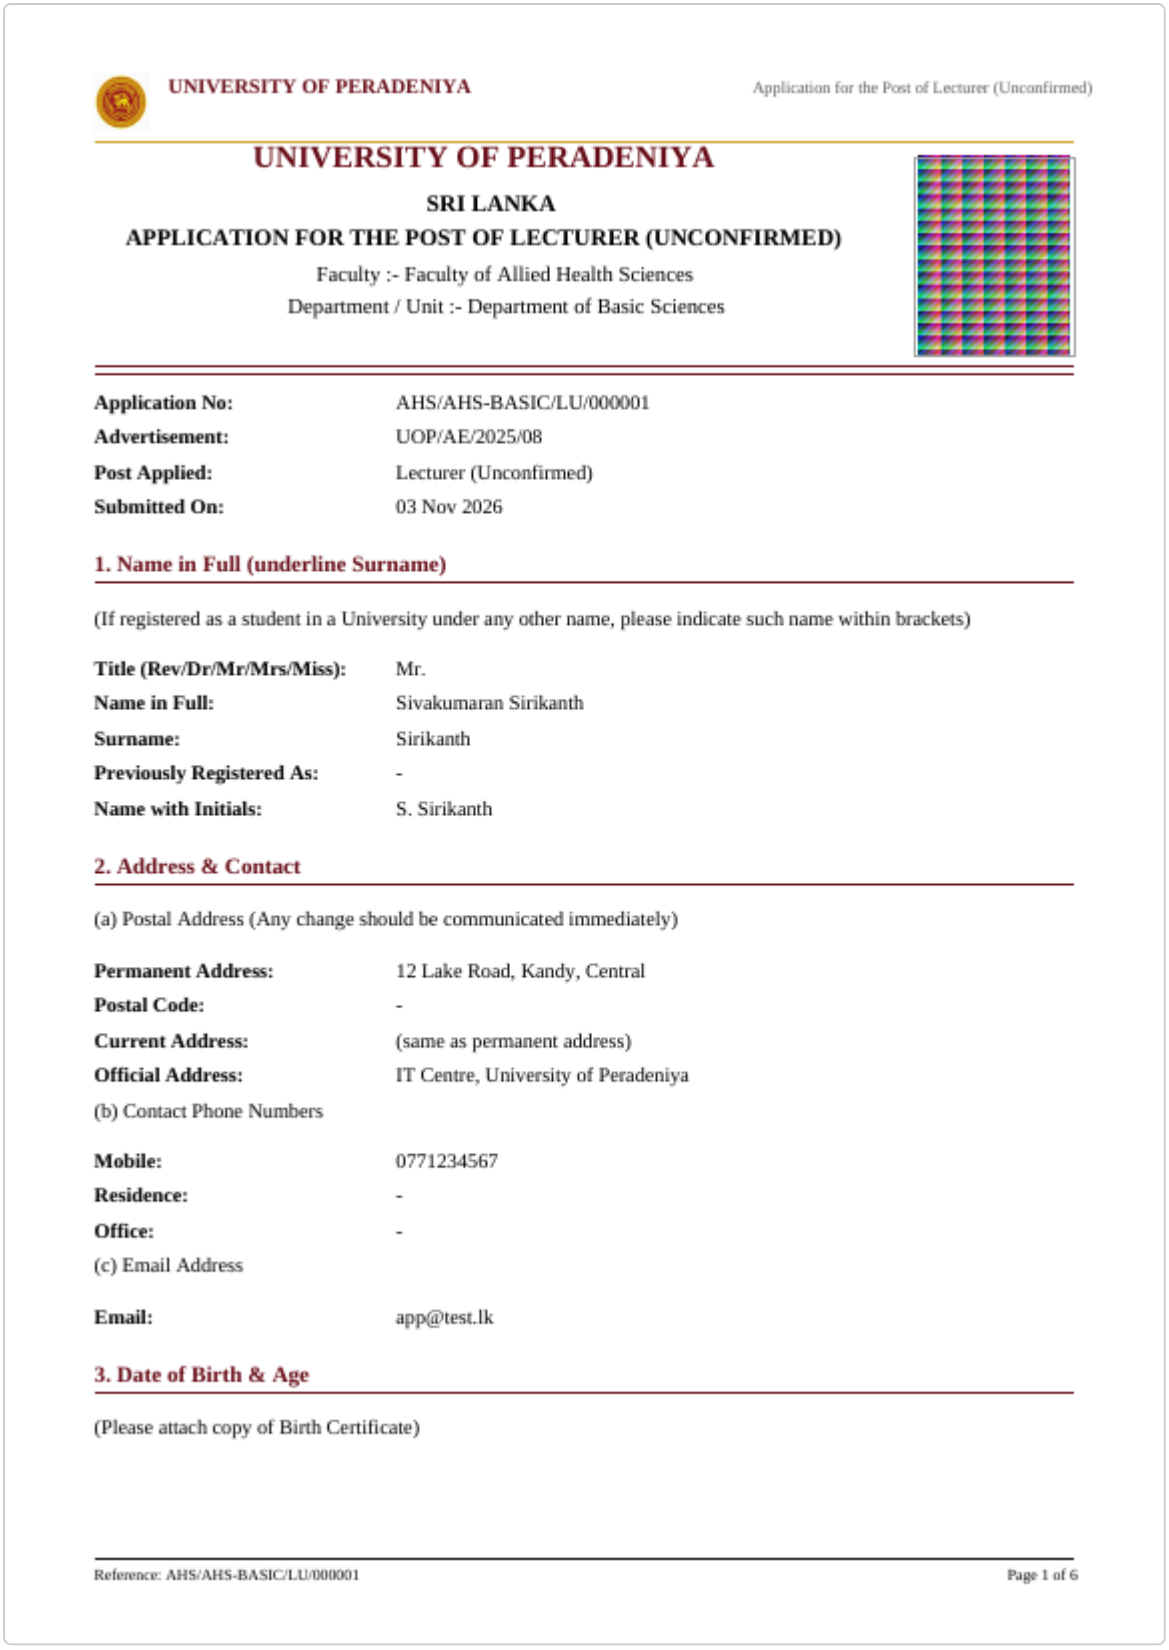

Application page with progress tracker and Download PDF button

13.3 What the PDF contains

The PDF is your official application form on University letterhead:

- the heading shows **only the post you applied for**, with your **profile photograph** at the top right;
- your age and each employment period in **Years, Months, Days**;
- every section of the form, numbered as on the printed application (including **8. Professional Memberships**), referees and the declaration;
- a **For Official Use – Head of Department / Institution** box at the end.

UNIVERSITY OF PERADENIYA

Application for the Post of Lecturer (Unconfirmed)

UNIVERSITY OF PERADENIYA

SRI LANKA

APPLICATION FOR THE POST OF LECTURER (UNCONFIRMED)

Faculty :- Faculty of Allied Health Sciences

Department / Unit :- Department of Basic Sciences

Application No:	AHS/AHS-BASIC/LU/000001
Advertisement:	UOP/AE/2025/08
Post Applied:	Lecturer (Unconfirmed)
Submitted On:	03 Nov 2026

1. Name in Full (underline Surname)

(If registered as a student in a University under any other name, please indicate such name within brackets)

Title (Rev/Dr/Mr/Mrs/Miss):	Mr.
Name in Full:	Sivakumaran Sirikanth
Surname:	Sirikanth
Previously Registered As:	-
Name with Initials:	S. Sirikanth

2. Address & Contact

(a) Postal Address (Any change should be communicated immediately)

Permanent Address:	12 Lake Road, Kandy, Central
Postal Code:	-
Current Address:	(same as permanent address)
Official Address:	IT Centre, University of Peradeniya

(b) Contact Phone Numbers

Mobile:	0771234567
Residence:	-
Office:	-

(c) Email Address

Email:	app@test.lk

3. Date of Birth & Age

(Please attach copy of Birth Certificate)

Reference: AHS/AHS-BASIC/LU/000001

Page 1 of 6

First page of the application PDF

13.4 Print, sign and post

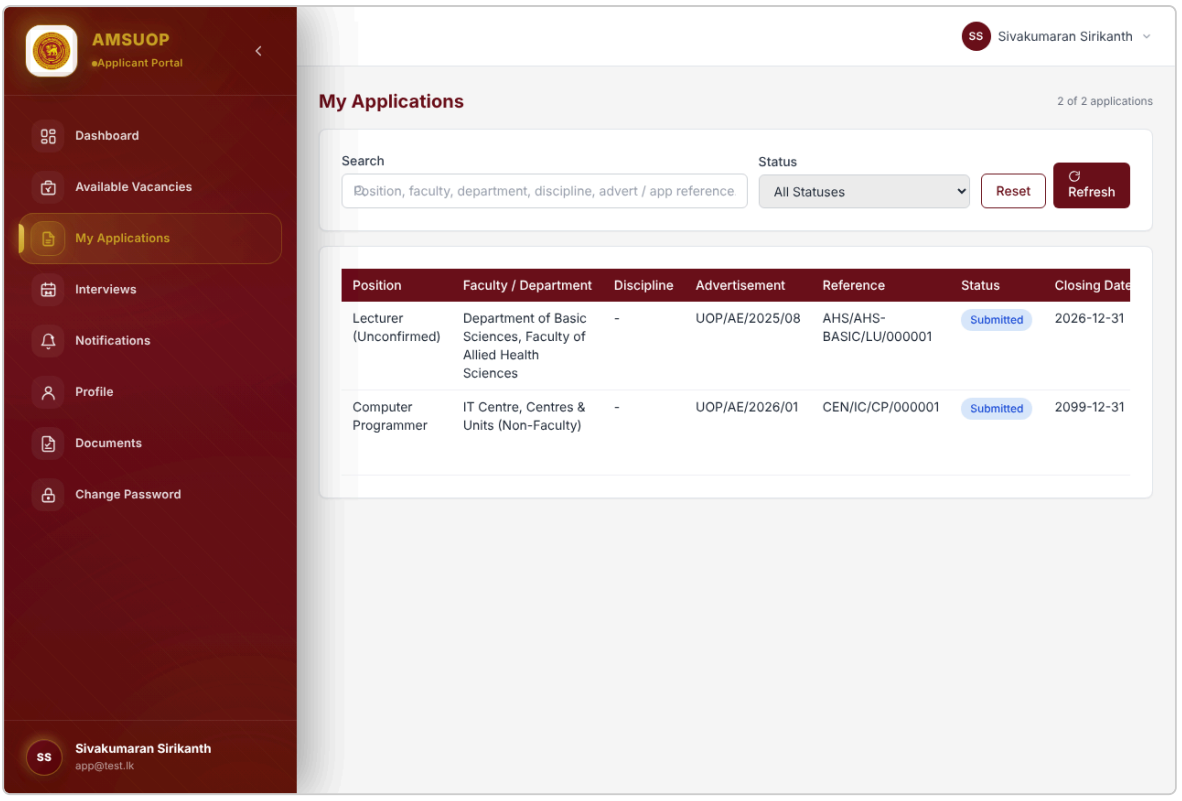

1. **Print** the PDF and **sign** the declaration.
2. If you are in **permanent** public-service employment, have the **For Official Use** section completed by your Head of Department / Institution and forward it through proper channel by the advance-copy deadline in the advertisement.

3. Send the signed application with the relevant documents by **registered post** to the address and in the manner given in the advertisement / **Instructions** page, before the closing date. Quote your **reference number**.
4. Ask your university to send your **academic transcripts** directly to the University (they are not uploaded online).

> Keep the confirmation e-mail and the PDF. Quote your **reference number** in all correspondence.

14. Tracking your application

My Applications lists every application you have started or submitted, with its status. Click **View** to open a submitted application, or **Continue** to finish a draft.

My Applications list

The application page shows an **Application Progress** tracker:

1. Application Submitted
2. Documents Verified
3. Application Forwarded
4. Shortlisted
5. Interview Scheduled
6. Final Selection

Each stage turns on as the University processes your application. You will also be informed through:

- **Notifications** in the left-hand menu — messages about your applications;
- **Interviews** — if you are called for interview, the date, time and venue appear here;
- **E-mail** to your registered address.

Applying for more than one post? Go back to **Available Vacancies**, press **Apply Now** on the next opening and choose the post. Your saved profile details are reused, so you only need to check them, upload any documents specific to that application, and submit.

15. Frequently asked questions and troubleshooting

Problem / question	What to do
I did not receive the OTP e-mail.	Wait a minute and check **Spam / Junk**. Click **Resend Code**. Make sure the e-mail address you typed is correct.
“Invalid or expired code”.	Codes last **5 minutes** and only the latest code works. Click **Resend Code** and use the new code.
The **Register** button is greyed out.	A field is incomplete or invalid; look for red messages. Check the password ticks (8+ characters, three character types) and that both passwords match.
I forgot my password.	Login → **Forgot password?** → enter e-mail → code → set a new password (Section 6.2).
The **Next** button is greyed out.	A required field (*) in the current step is empty or invalid. Red messages show which one.
Did my work save?	Look for “**Saved at hh:mm**” near the top, or click **Save Draft**. You can close the browser and continue later from **My Applications → Continue**.
A file will not upload.	Check the file type allowed on that row and that it is **under 5 MB**. Compress or re-scan large PDFs.
Province / District will not select.	Choose the **Province** first; the District list then loads.
I made a mistake after submitting.	Submitted applications cannot be edited. Contact the Academic Establishments Division quoting your **reference number**.
Can I apply for more than one post?	Yes. Start a separate application from **Apply Now** for each post or opening.
The closing date passed before I submitted.	Drafts cannot be submitted after the closing date. Submit well before the deadline.
Where is my application PDF?	Attached to the confirmation e-mail, and available any time from **My Applications → View → Download PDF**.
Do I upload academic transcripts?	No. They must be sent directly by your university/institution by post.

Contact

- **Application enquiries:** Deputy Registrar, Academic Establishments Division, University of Peradeniya, Peradeniya — 081 2392340 — cwunit@gs.pdn.ac.lk
- **Technical support (system problems):** 081 2384848, Monday–Friday, 8:30 AM – 4:30 PM

When you contact us, give your **full name, NIC number, registered e-mail** and, if you have one, your **application reference number**. Never send your password or OTP.
